| SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING |
| The financial statements of 1045 The Horizon School Division |
| presented to Alberta Education have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements, including notes, have been prepared in accordance with Canadian Public Sector Accounting Standards and follow format prescribed by Alberta Education. |
| In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong system of budgetary control. |
| Board of Trustees Responsibility The ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the audited financial statements with management in detail and approved the financial statements for release. |
| External Auditors The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors were given full access to school jurisdiction records. |
| Declaration of Management and Board Chair To the best of our knowledge and belief, these financial statements reflect, in all material respects, the financial position, results of operations, remeasurement gains and losses, changes in net financial assets (debt), and cash flows for the year naccordance with Canadian Public Sector Accounting Standards. |

Independent Auditor's Report

To the Board of Trustees of Horizon School Division

Opinion

We have audited the financial statements-of Horizon School Division (the Division), which comprise the statement of financial position as at August 31, 2022 and the statements of operations, cash flows, change in net financial assets, and remeasurement gains and losses for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Division as at August 31, 2022, and its statements of operations, cash flows, change in net financial assets, and results of remeasurement gains and losses for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Division in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matters

The Schedule of Fees and Schedule of Central Administration Expenses reflect additional information required by Alberta Education that is not required under Canadian public sector accounting standards. We were not engaged to audit this information and accordingly it is considered unaudited.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public section accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Divison's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Division or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Division's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting
 a material misstatement resulting from fraud is higher than for one resulting from error, as fraud
 may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
 control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Division's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Division's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Division to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes to the Financial Statements For the year ended August 31, 2022

1. AUTHORITY AND PURPOSE

The School Jurisdiction delivers education programs under the authority of the *Education Act*, 2012, Chapter E-0.3.

The jurisdiction receives funding for instruction and support under Education Grants Regulation (AR 120/2008). The regulation allows for the setting of conditions and use of grant monies. The School Jurisdiction is limited on certain funding allocations and administration expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements have been prepared in accordance with the Canadian Public Sector Accounting Standards (PSAS). The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

a) Basis of Financial Reporting

Valuation of Financial Assets and Liabilities

The organization's financial assets and liabilities are generally measured as follows:

| Financial Statement Component | Measurement |
|--|--|
| Cash and cash equivalents | Cost |
| Accounts receivable | Lower of cost or net recoverable value |
| Inventories for resale | Lower of cost or net realizable value |
| Portfolio investments | Fair value and amortized cost |
| Accounts payable and other accrued liabilities | Cost |
| Debt | Amortized cost |

i) Financial Assets

Financial assets are assets that could be used to discharge existing liabilities or finance future operations and are not for consumption in the normal course of operations.

Financial assets are the school jurisdiction's financial claims on external organizations and individuals, as well as cash and inventories for resale at the year end.

Cash and cash equivalents

Cash comprises of cash on hand and demand deposits. Cash equivalents are short-term, highly liquid, investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. Cash equivalents have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term commitments rather than for investment purposes.

Accounts receivable

Accounts receivable are recognized at the lower of cost or net recoverable value. A valuation allowance is recognized when recovery is uncertain.

Notes to the Financial Statements For the year ended August 31, 2022

Portfolio investments

The School Jurisdiction has investments in GIC's and term deposits that have a maturity of greater than three months. GIC's and term deposits not quoted in an active market are reported at cost or amortized cost.

Impairment is defined as a loss in value of a portfolio investment that is other than a temporary decline and is included in the Statement of Operations. In the case of an item in the fair value category, a reversal of any net remeasurement gains recognized in previous reporting periods up to the amount of the write-down is reported in the Statement of Remeasurement Gains and Losses. A subsequent increase in value would be recognized on the Statement of Remeasurement Gains and Losses and realized on the Statement of Operations only when sold.

ii) Liabilities

Liabilities are present obligations of the school jurisdiction to external organizations and individuals arising from past transactions or events occurring before the year end, the settlement of which is expected to result in the future sacrifice of economic benefits. They are recognized when there is an appropriate basis of measurement and management can reasonably estimate the amounts.

Accounts payable and other accrued liabilities

Accounts payable and accrued liabilities include unearned revenue collected from external organizations and individuals for which goods and services have yet to be provided.

Deferred Contributions

Deferred contributions includes contributions received for operations which have stipulations that meet the definition of a liability per Public Sector Accounting Standard (PSAS) PS 3200. These contributions are recognized by the School Jurisdiction once it has met all eligibility criteria to receive the contributions. When stipulations are met, deferred contribution is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability.

Deferred revenue also includes contributions for capital expenditures, unspent and spent. Unspent Deferred Capital Contributions (UDCC) represent externally restricted supported capital funds provided for a specific capital purpose received or receivable by the jurisdiction, but the related expenditure has not been made at year-end. These contributions must also have stipulations that meet the definition of a liability per PS 3200 when spent.

Deferred Contributions, continued

Spent Deferred Capital Contributions (SDCC) represent externally restricted supported capital funds that have been spent but have yet to be amortized over the useful life of the related capital asset. Amortization over the useful life of the related capital asset is due to certain stipulations related to the contributions that require that the school jurisdiction to use the asset in a prescribed manner over the life of the associated asset.

Notes to the Financial Statements For the year ended August 31, 2022

Employee Future Benefits

The School Division provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The School Division accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include retirement/severance, various qualifying compensated absences, and personal professional development funds.

Environmental Liabilities

Contaminated sites are a result of contamination of a chemical, organic or radioactive material or live organism that exceeds an environmental standard, being introduced into soil, water or sediment.

A liability for remediation of a contaminated site may arise from an operation that is either in productive use or no longer in productive use and may also arise from an unexpected event resulting in contamination. The resulting liability is recognized when all of the following criteria are met:

- i. an environmental standard exists:
- ii. contamination exceeds the environmental standard;
- iii. the school jurisdiction is directly responsible or accepts responsibility:
- iv. it is expected that future economic benefits will be given up; and
- v. a reasonable estimate of the amount can be made

iii) Non-Financial Assets

Non-financial assets are acquired, constructed, or developed assets that do not normally provide resources to discharge existing liabilities, but instead:

- (a) are normally employed to deliver government services;
- (b) may be consumed in the normal course of operations; and
- (c) are not for sale in the normal course of operations.

Tangible capital assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost, including amounts
 directly related to the acquisition, design, construction, development, or betterment of the
 asset. Cost also includes overhead directly attributable to construction as well as interest
 costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value at the date of donation, except in circumstances where fair value cannot be reasonably determined, when they are then recognized at nominal value. Transfers of tangible capital assets from related parties are recorded at original cost less accumulated amortization.

Tangible capital assets, continued

- Construction-in-progress is recorded as a transfer to the applicable asset class at substantial completion.
- Buildings include site and leasehold improvements as well as assets under capital lease.
- Sites and buildings are written down to residual value when conditions indicate they no
 longer contribute to the ability of the School Jurisdiction to provide services or when the
 value of future economic benefits associated with the sites and buildings are less than

Notes to the Financial Statements For the year ended August 31, 2022

their net book value. For supported assets, the write-downs are accounted for as reductions to Spent Deferred Capital Contributions (SDCC).

- Buildings that are demolished or destroyed are written-off.
- Tangible capital assets with costs in excess of \$5,000 are capitalized.
- Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the Board are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School Jurisdiction's rate for incremental borrowing or the interest rate implicit in the lease. A schedule of repayments and amount of interest on the leases is provided in Note 15.
- Tangible capital assets are amortized over their estimated useful lives on a straight-line basis, at the following rates:

Buildings 10 to 40 years
Vehicles & Buses 5 to 10 years
Computer Hardware & Software 5 years
Other Equipment & Furnishings 5 to 10 years

Inventories of supplies

Inventories of supplies are valued at the lower of cost and replacement cost. Cost is determined on a first-in, first-out basis.

Prepaid expenses

Prepaid expenses is recognized at cost and amortized based on the terms of the agreement or using a methodology that reflects use of the resource.

Other Assets

Intangible assets, assets acquired by right, works of art, historical treasures, collections, certain land, and construction-in-progress managed by Alberta Infrastructure are not recognized in these financial statements.

iv) Operating and Capital Reserves

Certain amounts, as approved by the Board of Trustees, are internally or externally restricted for future operating or capital purposes. Transfers to and from reserves are recorded when approved by the Board of Trustees. Capital reserves are restricted to capital purposes and may only be used for operating purposes with approval by the Minister of Education. Reserves are disclosed in the Schedule of Changes in Net Assets.

Notes to the Financial Statements For the year ended August 31, 2022

v) Revenue Recognition

All revenues are reported on the accrual basis of accounting. Instruction and support allocations are recognized in the year to which they relate. Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered. Cash received for which goods or services have not been provided by year end is recognized as unearned revenue and recorded in accounts payable and other accrued liabilities.

Government transfers

Transfers from all governments are referred to as government transfers.

Government transfers and associated externally restricted investment income are recognized as deferred contributions if the eligibility criteria for use of the transfer, or the stipulations together with School Jurisdiction's actions and communications as to the use of the transfer, create a liability. These transfers are recognized as revenue as the stipulations are met and, when applicable, School Jurisdiction complies with its communicated use of these transfers.

All other government transfers, without stipulations for the use of the transfer, are recognized as revenue when the transfer is authorized and the School Jurisdiction meets the eligibility criteria (if any).

Donations and non-Government contributions

Donations and non-government contributions are received from individuals, corporations, and private sector not-for-profit organizations. Donations and non-government contributions may be unrestricted or externally restricted for operating or capital purposes.

Unrestricted donations and non-government contributions are recognized as revenue in the year received or in the year the funds are committed to School Jurisdiction if the amount can be reasonably estimated and collection is reasonably assured.

Externally restricted donations, non-government contributions and realized and unrealized gains and losses for the associated externally restricted investment income are recognized as deferred contributions if the terms for their use, or the terms along with School Jurisdiction's actions and communications as to the use, create a liability. These resources are recognized as revenue as the terms are met and, when applicable, School Jurisdiction complies with its communicated use.

In-kind donations of services and materials are recognized at fair value when such value can reasonably be determined. While volunteers contribute a significant amount of time each year to assist School Jurisdiction, the value of their services are not recognized as revenue and expenses in the (consolidated) financial statements because fair value cannot be reasonably determined.

Investment income

Investment income includes dividend and interest income and realized gains or losses on the sale of portfolio investments.

Notes to the Financial Statements For the year ended August 31, 2022

vi) Expenses

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Allocation of Costs

- Actual salaries of personnel assigned to two or more programs are allocated based on the time spent in each program.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

vii) Program Reporting

The Division's operations have been segmented as follows:

- ECS Instruction: The provision of ECS education instructional services that fall under the basic public education mandate.
- **Grades 1 12 Instruction**: The provision of instructional services for Grades 1 12 that fall under the basic public education mandate.
- Operations and Maintenance: The operation and maintenance of all school buildings and maintenance shop facilities.
- **Transportation:** The provision of regular and special education bus services (to and from school), whether contracted or board operated, including transportation facility expenses.
- System Administration: The provision of board governance and system-based / central office administration.
- External Services: All projects, activities, and services offered outside the public education mandate for ECS children and students in Grades 1 12. Services offered beyond the mandate for public education must be self-supporting, and Alberta Education funding may not be utilized to support these programs.

The allocation of revenues and expenses are reported by program, source, and object on the Schedule of Program Operations. Respective instruction expenses include the cost of certificated teachers, non-certificated teaching assistants as well as a proportionate share of supplies & services, school administration & instruction support, and System Instructional Support.

viii) Measurement Uncertainty

Measurement uncertainty exists when there is a variance between the recognized or disclosed amount and another reasonably possible amount. The preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits recognized/disclosed as \$514,977 (2021 - \$465,108) in these financial statements, is subject to measurement uncertainty.

Notes to the Financial Statements For the year ended August 31, 2022

ix) Change in Accounting Policy

The division has prospectively adopted the following standards from September 1, 2018: PS 3430 Restructuring Transactions.

3. FUTURE CHANGES IN ACCOUNTING STANDARDS

During the fiscal year 2022-23, Horizon School Division will adopt the following new accounting standard of the Public Sector Accounting Board:

PS 3160 Public Private Partnerships

This accounting standard provides guidance on how to account for public private partnerships between public and private sector entities, where the public sector entity procures infrastructure using a private sector partner.

PS 3280 Asset Retirement Obligations

This accounting standard provides guidance on how to account for and report liabilities for retirement of tangible capital assets. Horizon School Division plans to adopt this accounting standard on a modified retroactive basis, consistent with the transitional provisions in PS 3280, and information presented for comparative purposes will be restated. The impact of the adoption of this accounting standard on the financial statements is currently being analyzed.

In addition to the above, the Public Sector Accounting Board has approved the following accounting standards, which are effective for fiscal years starting on or after April 1, 2023:

PS 3400 Revenue (effective September 1, 2023)

This standard provides guidance on how to account for and report on revenue, and specifically, it addresses revenue arising from exchange transactions and non-exchange transactions.

PS 3450 Financial Instruments

This accounting standard provides guidance on how to account for all types of financial instruments and specifically addresses how to account for and report financial instruments. This standard requires fair value measurements of derivative instruments and equity instruments; all other financial instruments can be measured at either cost or fair value depending on the elections made by the School Jurisdiction. Unrealized gains and losses will be presented on the new statement of remeasurement gains and losses arising from the adoption of PS 1201 (Financial Statement Presentation). As the School Jurisdiction does not invest in derivatives or equity instruments based on its investment policy, it is anticipated that the adoption of this standard will have minimal impact on the School Jurisdiction.

4. CASH AND CASH EQUIVALENTS

Cash and cash equivalents total \$4,892,255.

| Total | \$ 720,938 | \$ | \$ 720,938 | \$ 777,196 |

6. CONTRACTUAL RIGHTS

Contractual rights are rights of the division to economic resources arising from contracts or agreements that will result in both assets and revenues in the future when the terms of those contracts or agreements are met.

| | 2022 | 2021 |
|---|--------------|---------------|
| Contractual rights from operating leases* | \$ 70,075 | \$ 134,075 |
| Contractual rights from service agreement** | 17,000 | 24,000 |
| Total | \$ 87,075 | \$ 158,075 |

^{**}Service agreements include \$24,000 (2021 - \$24,000) with other school divisions.

Estimated amounts that will be received or receivable for each of the next five years and thereafter are as follows:

| | C | Operating Leases | Ag | Service preements |

| Total | \$ | 70,075 | \$ | 17,000 |

Notes to the Financial Statements For the year ended August 31, 2022

7. PORTFOLIO INVESTMENTS

The Southern Alberta Windfarm investment is a loan receivable, with annual repayments of \$110,861, including interest at 5%. Estimated principle repayments are as follows:

| 2022-2023 | \$ 91,381 |
|------------|---------------|
| 2023-2024 | 96,056 |
| 2024-2025 | 100,971 |
| 2025-2026 | 106,136 |
| 2026-2027 | 36,573 |
| Thereafter | |
| Total | \$ 431,116 |

8. BANK INDEBTEDNESS

The jurisdiction has negotiated a line of credit in the amount of \$400,000 that bears interest at prime. This line of credit is secured by a borrowing bylaw and a security agreement, covering all revenue of the jurisdiction. There was no balance (2021: \$nil) at August 31, 2022.

9. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

| | 2022 | 2021 |
|--|---------------------|---------------------|
| Alberta Education - WMA | \$ - | \$ 1,003,161 |
| Alberta Eduation - Other | - | 248,831 |
| Accrued vacation pay liability | 236,382 | 260,395 |
| Other trade payables and accrued liabilities | 1,866,305 | 864,985 |
| Total | <u>\$ 2,102,687</u> | \$ 2,377,372 |

10. BENEFIT PLANS

Pension costs included in these statements comprise the cost of employer contributions for current service of employees during the year.

Current and past service costs of the Alberta Teachers Retirement Fund are met by contributions by active members and the Government of Alberta. Under the terms of the Teachers Pension Plan Act, the School Division does not make pension contributions for certificated staff. The Government portion of the current service contribution to the Alberta Teachers Retirement Fund on behalf of the jurisdiction is included in both revenues and expenses. For the school year ended August 31, 2022, the amount contributed by the Government was \$2,142,210 (2021 - \$2,139,048).

The school board participates in a multi-employer pension plan, the Local Authorities Pension Plan. The school jurisdiction is not responsible for future funding of the plan deficit other than through contribution increases. The expense for this pension plan is equivalent to the annual contributions of \$304,550 for the year ended August 31, 2022 (2021 - \$346,793). At December 31, 2021, the Local Authorities Pension Plan reported a surplus of \$11,922,000,000 (2020, a surplus of \$4,961,337,000).

The school division provides non-contributory defined benefit supplementary retirement benefits to its executives.

Notes to the Financial Statements For the year ended August 31, 2022

The jurisdiction participates in the multi-employer supplementary integrated pension plan (SiPP) for members of senior administration. The plan provides a supplement to the LAPP or ATRF pension to a full 2% of pensionable service. The annual expenditure for this pension plan is equivalent to the annual contributions of \$33,429 for the year ended August 31, 2022 (2021 - \$23,564)

The school division does not have sufficient plan information on the LAPP/MEPP/PSPP/SiPP to follow the standards for defined benefit accounting, and therefore follows the standards for defined contribution accounting. Accordingly, pension expense recognized for the PSPP/LAPP/MEPP/SiPP is comprised of employer contributions to the plan that are required for its employees during the year, which are calculated based on actuarially pre-determined amounts that are expected to provide the plan's future benefits.

Employee future benefit liabilities consist of the following:

| | | 2022 | 2 | 2021 |
|--|----------|---------|----|--------|
| Other compensated absences | \$ | 104,056 | \$ | - |
| Retirement allowances | | 22,718 | | 37,338 |
| Personal professional development fund | | 3,994 | | 9,000 |
| Total | <u>s</u> | 130,768 | \$ | 46,338 |

11. PREPAID EXPENSES

Prepaid Expenses consist of the following:

| | 2022 | T | 2021 | |
|--------------------------------|------------|--------------|---------|--|
| Software | \$ 154,137 | \$ | 206,361 | |

| Total | \$ 278,167 | \$ | 482,040 | |

Notes to the Financial Statements For the year ended August 31, 2022

12. ACCUMULATED SURPLUS

Detailed information related to accumulated surplus is available on the Schedule of Changes in Accumulated Surplus. Accumulated surplus may be summarized as follows:

| | 2022 | 2021 | |
|---|---------------|---------------|--|
| Unrestricted surplus | \$ 1,982,131 | \$ 1,377,161 | |
| Operating reserves | 1,525,504 | 1,970,349 | |
| Accumulated surplus (deficit) from operations | 3,507,635 | 3,347,510 | |
| Investment in tangible capital assets | 5,578,626 | 5,232,980 | |

| Accumulated remeasurement gains (losses) | <u>-</u> | - | |
| Accumulated surplus (deficit) | \$ 10.809.067 | \$ 10.303.296 | |

Accumulated surplus (deficit) from operations (ASO) include funds of \$742,041 that are raised at school level and are not available to spend at board level. The school jurisdiction's adjusted surplus (deficit) from operations is calculated as follows:

| | | 2022 | | 2021 | |
|--|----|-----------|----|-----------|--|
| Accumulated surplus (deficit) from operations | \$ | 3,507,635 | \$ | 3,347,510 | |
| Add: Non-vesting accumulating employee future benefits charged to accumulated surplus | | - | | _ | |
| Deduct: School generated funds included in accumulated surplus (Note 14) | | 742,039 | | 733,604 | |
| Adjusted accumulated surplus (deficit) from operations (1) | \$ | 2,764,796 | \$ | 2,613,906 | |

⁽¹⁾ Adjusted accumulated surplus (deficit) from operations represents funds available for use by the school jurisdiction after deducting funds raised at school-level.

13. CONTRACTUAL OBLIGATIONS

| | 2022 | 2021 | |
|---------------------|---------------|---------------|--|
| Building leases (1) | \$ 463,565 | \$ 518.308 | |

⁽¹⁾Building leases: The jurisdiction entered into a lease agreement for the premises of the Taber Christian School for the 2019-2020 operating year. The lease will remain in effect on a year to year basis, payable quarterly at a rate of 95% of the Plant Operations & Maintenance funding and 95% of School Leasing funding received for the Taber Christian School. Payments for future years are approximated by the current year's payment.

Estimated payment requirements for each of the next five years and thereafter are as follows:

| | Building Leases |
|------------|--------------------|
| 2022-2023 | \$ 463,565 |
| 2023-2024 | - |

16. ECONOMIC DEPENDENCE ON RELATED THIRD PARTY

The jurisdiction's primary source of income is from the Alberta Government. The Division's ability to continue viable operations is dependent on this funding.

17. BUDGET AMOUNTS

The budget was prepared by the school jurisdiction and approved by the Board of Trustees on May 31, 2021. It is presented for information purposes only and has not been audited.

18. COMPARATIVE FIGURES

The comparative figures have been reclassified where necessary to conform to the 2021/2022 presentation.
