## DISCUSSION ITEMS

### D.1 Assessment Presentation

Amber Darroch, Associate Superintendent of Learner Services presented a PowerPoint presentation on 'Assessment in Horizon'.

### D.2 Education Act

Bill 8: The *Education Amendment Act*, 2019 has been introduced to update the *Education Act*, which was passed in 2012 after widespread consultation, but was not brought into force.

If passed, the amended *Education Act* would improve student success, strengthen parental rights, enhance local decision-making for school boards, increase education choice and improve accountability within the system. The Act would amend the Education Act which would come into force on September 1, 2019.

## INFORMATION ITEMS

### I.1 Superintendent's Report

Wilco Tymensen, Superintendent, shared the May 2019 updated with the Board:  
**Educational Leadership and Student Welfare**

- Meetings and dialogue between schools and division office are ongoing. Conversations/topics typically focus on processes that ensure student safety, well-being, and conduct; financial management; and instructional leadership. This month they also included instructional and assignable time, staffing, short listing, transportation, off-campus excursions, student and staff conduct and discipline, and guidance with regard to student and parental concerns.
- Legislative changes within the last year or two have placed enhanced expectations on local governments with regard to emergency planning. Local governments are collaborating and creating joint emergency plans. Meetings with representation from the County of Warner and County of Vulcan have occurred regarding their emergency management planning
- Met with Paul Bennett, Superintendent of Peace River. Discussed senior high Low German Mennonite

programming within Horizon and visited Taber Mennonite School and Horizon Mennonite Alternative Program.

### **Personnel Management**

- Review and finalization of teacher's 907/1200 hr templates

### **Policy and Strategic Planning and Reporting**

- No policy meetings have occurred this month.
- Conference calls regarding newly tabled legislation (e.g. Bill 8 – Education Amendment Act)
  - Minister of Education conference call
  - Alberta Education conference call
  - Alberta School Board Association (ASBA) conference call
  - College of Alberta School Superintendent (CASS) conference call

### **Fiscal Responsibility, Organizational Leadership and Management**

- School administration has drafted and prepared a balanced budget. There continues to be little communication from the new government regarding financial plans but a press release by the Premier indicated that a provincial budget will not be forthcoming until the fall. As such, the spring budget is based on assumptions.

### **Communications and Community Relations**

- A number of meetings and celebrations were attended over the last month. These include but are not limited to
  - Division Office staff meeting
  - Senior Administrative Leadership Team meeting
  - DAF/WRM modernization meeting. We have received occupancy and will be commencing the move within the coming days.
  - College of Alberta School Superintendent (Zone 6) meeting
  - W.R. Myers graduation ceremony
  - ACE Place graduation ceremony
  - AB ED field services meeting
  - Alberta Health Services Mental Health Capacity webinar
  - Alberta School Board Association (ASBA) spring AGM
  - College of Alberta School Superintendent (CASS) executive meeting
  - School visits this month included: ACE, BAR, CEN, DAF, HAYS, HMAP, TMS, VES WAR, WRM,

## **I.2 Trustee/Committee Reports**

### **I.2.1 Zone 6 ASBA Report**

Marie Logan shared the following June 2019 Zone 6 ASBA meeting update with the Board:

- Edwin Parr evening was well attended
- The Education Act comparison webinar was held on June 19<sup>th</sup>, 2019
- Zone 6 General Meeting will be held on September 18<sup>th</sup>, 2019
- The Spring General Meeting was held June 2 – 4, 2019

### **I.2.2 Facilities Report**

Bruce Francis, Facilities Committee Chair, provided a report to the Board on the work undertaken for the month of June, 2019 with the following points being discussed:

- Dr. Hamman Baseball Diamond
- D.A. Ferguson/W.R. Myers High School Capital Project
- 2019-2020 IMR – Draft 3
- Dog Walking Signage (Town of Taber)
- Ongoing IMR Projects

### **I.2.3 Administrator's Meeting Report**

Jennifer Crowson, shared highlights from the June 2019 Administrator's Meeting.

- New Curriculum and Improvement Priorities for 2019-2020
- Horizon's New Logo
- ATA Collective Agreement
- Upcoming Professional Development

### I.3 Associate Superintendent of Finance and Operations Report

Phil Johansen provided a June 2019 update to the Board:

- Prepare 2019-2020 budget

### I.4 Associate Superintendent of Learner Services Report

Amber Darroch, Associate Superintendent of Learner Services, shared the following June 2019 update with the Board:

Learner Services lead team members:  
Amber Darroch, Associate Superintendent  
Terri-Lynn Duncan, Director of Learning (Curriculum & Instruction)  
Robbie Charlebois, Director of Learning (Inclusive Education)  
Angela Miller, Clinical Team Lead

---

#### KEY ACTION AREA #1:

##### Strong core instruction that develops student competencies

- In order to support a broader range of high school programming, two new dual credit agreements are under development with the University of Lethbridge and Bow Valley College. Bow Valley offers a range of single online courses students can do within their regular high school program, while the U of L provides on-campus experiences to aid students in the transition to post-secondary life and expose them to possible areas of study. We are currently recruiting high school students who wish to attend a biochemistry course on campus at U of L on Friday afternoons this fall. For all dual credit courses, students earn credits and have the courses appear on their high school transcripts as well as their college or university level transcript.
- Two literacy research projects will conclude with the end of the school year. Schools are finishing up assessing student literacy learning following the "Blitz" project and the University of Lethbridge has also finished up their testing. Vauxhall High School Literacy project finished up last week and we are looking forward to the project results from the Werklund School of Education at the University of Calgary.

#### KEY ACTION AREA #2:

##### Response to Instruction and Intervention

- Members of the Learner Services team have been supporting transition meetings for students with complex needs to ensure success as they move into new classrooms and/or new schools for the upcoming school year.

#### LEADERSHIP PRACTICES

- New school websites have been implemented and many of them have already gone live since the school staff training on May 28. The web address for the school sites remains the same, so all users will have no trouble locating them online.
- Amber completed visits to all schools and held year-end meetings with all principals over the past two weeks.
- Robbie has been working with a parent of a student with autism to create a group called the Taber Parent Inclusion Committee (TPIC). Robbie is supporting the group by providing clarity and direction for parents who have joined the committee to plan community engagement and support schools with inclusive practices. Horizon is a supporter of the group, however not running the group.
- Robbie has joined a committee through SACLA (Southern Alberta Community Living Association) called EmployUsYQL. This committee is working to engage employers in urban and rural centres in meaningful paid employment opportunities for persons with developmental disabilities.
- Amber attended the spring Board of Directors meetings in her roles on both the Alberta Assessment Consortium and the provincial College of Alberta School Superintendents.

**POLICY**

THE BOARD OF TRUSTEES OF HORIZON SCHOOL DIVISION EXPECTS THAT ALL STAFF TO BE COMPETENT, CURRENT, ACCOUNTABLE, AND INVOLVED IN ONGOING PROFESSIONAL GROWTH DESIGNED TO IMPROVE THE EMPLOYEE'S PRACTICE.

**DEFINITION**

**Professional employees** means principals, teachers, family school liaison counsellors, and journeymen.

**Professional growth planning** means a career-long learning process whereby a principal, teacher, or family school liaison counsellor annually develops and implements a plan to achieve professional learning objectives or goals in an effort to enhance optimal learning for all students. Such plans shall be consistent with:

- the Leadership Quality Standard, in the case of principals;
- the Teaching Quality Standard, in the case of teachers; or
- their governing body if certified, or
- the College of Alberta Psychologists and the Canadian Counselling and Psychotherapy Association if not registered, in the case of family school liaison counsellors

**Supervisor** means the individual the employee submits their growth plan to. In the case of:

- Principals, it is the superintendent,
- Teachers, it is the principal or designate,
- School support staff, it is the principal, learning support teacher or designate,
- Family School Liaison Counsellors, it is the Clinical Team Leader or designate,
- Child and youth care workers and family connection workers it is the Clinical Team Leader or designate,
- Journeyman, it is the facilities manager,
- Others including non school based support staff, the name of their supervisor will be shared with them.

**GUIDELINES**

1. Growth Planning shall be conducted on an annual basis by all professional employees of the board.
  - 1.1. Principals and supervisors should engage in dialogue with support staff regarding their growth needs and may opt to use this policy to engage in more formalized growth planning with support staff.
2. Professional employees should view growth planning as developmental and be willing to receive collegial advice and assistance to improve performance, identify areas of strength and provide opportunities for growth.

## **Policy GCM – Teacher Professional Growth Planning, Cont’d.**

3. As per the ATA Collective Agreement:

- 3.1. Teacher Professional Growth Plans will consider but will not be required to include the school jurisdiction’s goals.
- 3.2. The teacher professional growth process, including discussions between the teacher and principal on the professional growth plans.
- 3.3. School jurisdictions and/or schools are not restricted in developing their own staff development plan in which the school jurisdiction and/or school may require teachers to participate.

### **REGULATIONS**

1. Professional employees are responsible for completing during each school year an annual growth plan that:
  - 1.1. is based on an assessment of learning needs by the individual employee,
  - 1.2. will consider the school jurisdiction’s goals,
  - 1.3. demonstrates a relationship to the improvement of student, school, or system outcomes,
  - 1.4. demonstrates engagement in career-long learning and ongoing critical reflection to improve their personal and professional capacity and expertise.
  - 1.5. identifies as least one competency named in their practice standard:
    - 1.5.1. in the case of teachers, the Teaching Quality Standard,
      - 1.1.1. in the case of principals, the Teaching Quality Standard and/or Leadership Quality Standard,
      - 1.1.2. in the case of family school liaison program staff, their governing body if certified, or the College of Alberta Psychologists and the Canadian Counselling and Psychotherapy Association if not registered.
    - 1.2. In the case of journeyman, addresses the requirement to remain up to date on code requirements as per expectations of the apprenticeship board.
2. Supervisors may require their staff to submit a “staff development plan” along with their growth plan that:
  - 2.1.1. shows a demonstrable relationship to the Teacher Quality Standard, in the case of teachers,
  - 2.1.2. shows a demonstrable relationship to the Leadership Quality Standard in the case of principals,
  - 2.1.3. shows a demonstrable relationship to the standards of their governing body if certified, or the College of Alberta Psychologists and the Canadian Counselling and Psychotherapy Association if not registered ,
  - 2.1.4. reflects goals of the school and/or jurisdiction’s Three Year Education Plan.

## **Policy GCM – *Teacher Professional Growth Planning, Cont’d.***

3. Within the first two months of the school year, the employee will submit their written growth plan and/or staff development plan to their supervisor for review.
4. Growth Plans and/or Staff Development Plans should specify:
  - 4.1. goal/objective statement(s),
  - 4.2. strategies for goal/objective achievement,
  - 4.3. indicators and measures of goal/objective achievement,
  - 4.4. an estimated plan completion timeline, and
  - 4.5. person(s) the employee will work with (if any).
5. Growth planning should include ongoing communication between the employee and their supervisor.
  - 5.1. The discussion should include dialogue about:
    - 5.1.1. progress towards achievement of goals,
    - 5.1.2. how the employee’s practice has improved,
    - 5.1.3. how the employee’s competence has improved in relation to their governing body’s standard, and
    - 5.1.4. in the case of teachers,
      - 5.1.4.1 how student learning has been improved.
  - 5.2. If a supervisor finds that an employee has not completed an annual professional growth plan and/or staff development plan as required, the employee may be subject to disciplinary action.
6. At the end of each school year, the supervisor will submit to the superintendent written verification that each professional employee has developed and implemented a process of growth planning and/or staff development planning. The name(s) of those failing to complete a growth plan and/or staff development plan shall be communicated to the Superintendent.
7. Unless an employee agrees, the content of an employee’s growth plan shall not be part of the summative evaluation process.
  - 7.1. Despite regulation 7, a supervisor may identify behaviours or practices that may require an evaluation provided that the information identified is based on a source other than the information in the employee’s growth plan.

  - 4.7. The requirements set forth in jurisdiction policy.
5. Supervisors may observe and receive information from any source about the behavior or practice of an employee.
6. When a supervisor becomes aware of or believes an employee’s competence or conduct may not meet the requirements or expectations of the jurisdiction, the supervisor may:
  - 6.1. address the concerns formatively with the employee in order to resolve the concern,
  - 6.2. initiate a summative evaluation,
  - 6.3. take disciplinary or other action, as appropriate, where the supervisor has reasonable grounds for believing that the conduct of an employee endangers the safety of students, staff, constitutes a neglect of duty, a breach of trust, breach of board policy, or a refusal to obey a lawful order of the board,
  - 6.4. Take action or exercise any right or power under the Education Act, provincial legislation and regulations, collective agreements, and employment contracts.

**POLICY**

THE BOARD OF TRUSTEES OF HORIZON SCHOOL DIVISION BELIEVES THAT SUMMATIVE EVALUATION IS A JUDGEMENTAL PROCESS DESIGNED TO FACILITATE DECISIONS ABOUT THE COMPETENCE OF AN EMPLOYEE. THIS POLICY OPERATES UNDER THE ASSUMPTION THAT AN EVALUATION PROCESS MAY BE INITIATED TO GENERATE THE DATA FOR MAKING WELL-INFORMED AND FAIR EMPLOYMENT AND/OR CERTIFICATION DECISIONS.

**GUIDELINES**

1. Principals shall not commence summative evaluations of substitute teachers.
2. Teachers eligible for permanent certification are responsible for communicating with the Human Resource department to commence the permanent certification process.
  - 2.1 Teachers eligible for permanent certification are required to have two final evaluation reports. In the case of probationary teachers, the principal and Associate Superintendent or designate's reports shall meet this requirement.
3. Principals and Division Office evaluators are encouraged to co-observe a lesson as part of the evaluation of probationary teachers.

**REGULATIONS**

1. Teachers shall undergo a summative evaluation, conducted by the principal, associate superintendent, and/or designate(s):
  - 1.1 upon being given a probationary teaching contract,
  - 1.2 when on the basis of information received through supervision, the principal has reason to believe the teacher may not be meeting the Teaching Quality Standard,
  - 1.3 for the purposes of gathering information related to a specific employment decision,
  - 1.4 for the purposes of assessing the growth of the teacher in specific areas of practice, and/or
  - 1.5 at the written request of a teacher.

## Policy GCN - Summative Evaluation of Professional Staff - Continued

2. Evaluations shall be based on information gathered through multiple observations based on established criteria, frequent conferencing, reviews of documents, reports and plans, assessment records, and other data appropriate to the teacher's assignment gathered in accordance with the Code of Professional Conduct.
3. Evaluation may consist of a review of all aspects of a teacher's professional competence based on the Teaching Quality Standard (Appendix A).
  - 3.1 Probationary teacher's evaluation shall consist of all aspects of the teacher's professional competence based on the Teaching Quality Standard.
  - 3.2 The principal shall consider the best interests of the students, staff, the teacher, the teaching profession and the school system during the evaluation.
4. At the commencement of the evaluation, the teacher must receive written notification (Appendix B), explicitly communicating:
  - 4.1 the reasons for and purposes of the evaluation,
  - 4.2 the process, criteria, and standard to be used for the evaluation, including a copy of the policy of the Horizon School Division pertaining to their evaluation,
  - 4.3 the teacher shall be informed of his/her right to secure the assistance of a mentor or peer to work with him/her at any or all times throughout the evaluation process,
  - 4.4 the timelines to be applied, and
  - 4.5 the possible outcomes of the evaluation.
5. A teacher may, at anytime in the process, appeal the procedures of the evaluation to the superintendent who shall, if the superintendent deems the teacher's reason to be valid, direct a remedy that maintains the integrity of the evaluation process and is fair to the teacher being evaluated.
6. Teachers, at their discretion, shall be allowed to contribute data during the evaluation process through personal portfolios or other material or information of their choosing.
7. The mid and final evaluation report generated during the evaluation process shall be signed by both parties.
  - 7.1 The teacher's signature evidences that the report has been received for review.
  - 7.2 Evaluators shall provide the teacher with a copy of the mid and final evaluation report.
  - 7.3 The principal shall place a copy of the notice of evaluation (see sample in Appendix B), mid-evaluation and final evaluation report in the teacher's personnel file at Division Office.
8. Principals shall provide Teachers with a mid-evaluation report within five (5) months of commencing the evaluation, which correlates to January 31 for probationary teachers.
  - 8.1 The principal's report will be based on a minimum of three (3) classroom observations.
9. A final evaluation report shall be provided to the teacher within eight (8) months of commencing the

## Policy GCN - Summative Evaluation of Professional Staff - Continued

evaluation, which correlates to April 30 for probationary teachers.

- 9.1 The final report shall be based on the Teaching Quality Standard and contain descriptive assessments in the major competency areas, which may include areas of strength, directions for growth, and recommendations.
  - 9.2 Where remediation is necessary to raise the quality of a continuing teacher's instruction to an acceptable level, the report shall make clear the expectations and opportunities for improved practice and set a reasonable time line for improvement.
  - 9.3 The final evaluation report shall state whether the teacher meets the Teaching Quality Standard and expectations of the principal.
  - 9.4 Final reports submitted by the principal or designate shall be based on a minimum of six (6) classroom observations throughout the school year and shall be done in consultation with an Associate Superintendent or designate.
  - 9.5 Final reports submitted by the associate superintendent or designate shall be based on a minimum of three (3) classroom observations throughout the school year.
10. The evaluation shall be used:
- 10.1 to make an employment decision,
  - 10.2 for closure of the probationary period,
  - 10.3 to extend the probationary contract for a subsequent year,
  - 10.4 to initiate a remediation plan, in the case of continuing contract teachers,
  - 10.5 to make a recommendation to the superintendent to terminate the teacher,
  - 10.6 to make another recommendation which the principal believes are in the best interests of the teacher and/or school,
  - 10.7 to make another action deemed appropriate by the superintendent.
11. The superintendent, upon receipt of the principal's report, shall take whatever action he/she believes is required.
12. The teacher shall be given the opportunity to append additional comments to all written reports pertaining to his/her evaluation within one month of receiving the report.
13. In the event that remediation is necessary, the continuing contract teacher being evaluated shall receive a Notice of Remediation from the principal (Appendix C) and the following steps shall be taken.
- 13.1 A program of improvement will be undertaken by the teacher and a reasonable time line for improvement will be set.
  - 13.2 At the end of the time allotted, a subsequent evaluation by the Associate Superintendent or designate shall commence.

## Policy GCN - Summative Evaluation of Professional Staff - Continued

14. The second summative evaluation, in the case of continuing contract teachers, shall consist of:
  - 14.1 an evaluation conducted by a certified teacher such as an associate superintendent, chosen by the superintendent, who is independent of the staff of the school in which the teacher works; and
  - 14.2 the same practices and procedures as outlined in this policy.
15. This policy does not restrict a school board or superintendent,
  - 15.1 from taking disciplinary or other action, as appropriate, where the superintendent has reasonable grounds for believing that the actions, practices, or conduct of a teacher endanger the safety of students, constitute a neglect of duty, a breach of trust or a refusal to obey a lawful order of the school board, or
  - 15.2 from taking any action or exercising any right or power under the *Education Act*.

[SCHOOL NAME]

[EVALUATOR'S NAME]

[EVALUATOR'S POSITION]

Dear [Teacher's Name]:

This letter serves as the official notification of my intention to become involved in the Horizon School Division's evaluation of your professional practice. This evaluation will comply with Alberta Education Policy 2.1.5; *Accountability in Education: Teacher Growth, Supervision, and Evaluation* and Horizon Policy GCN; *Summative Evaluation of Professional Staff* and will be in addition to the evaluation performed by your school's administration.

### Reason for Evaluation

As a probationary teacher it is necessary to gather information for the purpose of making an employment decision. As such, this evaluation will seek to ensure that your professional practice meets the expectations of the Province and the Horizon School Board, and specifically the *Teaching Quality Standard*. It will entail a review of the entire scope of your practice, however a successful evaluation does not guarantee a position. This evaluation process is a formal process of gathering information and evidence over a period of time and uses the application of reasoned judgment by the jurisdiction in determining whether or not your teaching exceeds, meets, or does not meet the Teaching Quality Standard. I would also like to inform you at this time that the Principal of your school will also be in contact with you to discuss their portion of the evaluation process. I look forward to meeting with you for a pre-conference and to draft the evaluation plan for my portion of the evaluation process. I have attached a copy of the *Discussion Guide: Criteria for the Evaluation of Teaching Performance* in order to provide insight into our discussion during this meeting. I will share a Google Doc version ASAP for you to complete digitally.

I will be contacting you by email in early September to arrange a date and time for our pre-conference meeting.

This evaluation will assess your performance and provide recommendations which I believe are in the best interest for you as a teacher, and the jurisdiction. It will determine whether your practice meets or does not meet the Teaching Quality Standard and assist in determining your future contract status. It may outline a remediation plan by which you can improve your practice but will not contain a recommendation to the Superintendent regarding further employment and change to your contract status.

You shall be given the opportunity to append additional comments to the evaluation report, and may appeal the process of the evaluation to the superintendent at any time.

For your personal reference I have also included, within this notice, a copy of section 196 of the *Education Act*, the *Declaration of Rights and Responsibilities for Teachers* from the Alberta Teacher's Association, and the *Teacher's Code of Professional Conduct*. I also invite you to seek assistance from your profession and in particular ATA member Services, if you so desire.

Time will be provided during the pre-conference if you have any questions regarding the contents of this memo, but feel free to contact me prior should you so wish. Please sign and date both copies of this letter and return one to me during our pre-conference, the other is for your records. I wish you all the best as the school year begins and I look forward to our pre-conference.

### **REGULATIONS**

1. School administrators shall undergo an evaluation, conducted by the Superintendent or designate, or principal, in the case of assistant and/or vice principals.
  - 1.1 upon being given an administrative contract,
  - 1.2 when on the basis of information received through supervision, the superintendent has reason to believe that the leadership of the principal may not be meeting the Leadership Quality Standard,
  - 1.3 for the purposes of gathering information related to a specific employment decision,
    - 1.1 for the purposes of assessing the growth of the principal in specific areas of practice, and/or
    - 1.2 at the written request of the school administrator.
2. Evaluations shall be based on information gathered through observations, discussions, reviews of documents, reports and plans, and other data such as staff feedback appropriate to each school administrator's assignment gathered in accordance with the Code of Professional Conduct and the jurisdiction's Employee Code of Conduct Policy.
  - 2.1 School administrators shall be allowed to contribute data to the evaluation through personal portfolios or other material or information of their choosing.
3. Evaluation shall consist of a review of all aspects of a school administrator's leadership competence based on the Leadership Quality Standard (Appendix A).
  - 3.1 The evaluator shall consider the best interests of the students, staff, the school administrator, the teaching profession and the school system during the evaluation.
4. At the commencement of the evaluation, the school administrator must receive written notification, explicitly communicating:
  - 4.1 the reasons for and purposes of the evaluation,
  - 4.2 the process, criteria, and standard to be used for the evaluation, including a copy of the policy of the Horizon School Division pertaining to their evaluation,
  - 4.3 the timelines to be applied, and
  - 4.4 the possible outcomes of the evaluation.
5. The evaluation report generated during the evaluation process shall be signed by both parties.
  - 5.1 The school administrator's signature evidences that the report has been received for review.
  - 5.2 Evaluators shall provide the school administrator with a copy of the evaluation report.
  - 5.3 The evaluator shall place a copy of the notice of evaluation, evaluation report in the school administrator's personnel file at Division Office.

## Policy GCNN - Evaluation of School Principals – Continued

6. An evaluation report shall be provided to the school administrator within eight (8) months of commencing the evaluation, which correlates to April 30 for school administrators starting at the commencement of the school year.
  - 6.1 The evaluation report shall state whether or not the school administrator meets the Leadership Quality Standard and expectations of the Horizon School Division.
7. The evaluation may be used by the superintendent to make an employment decision, which may include:
  - 7.1 offering the school administrator a temporary contract
  - 7.2 offering the principal a permanent contract,
  - 7.3 removing the school administrator's administrative designation,
  - 7.4 terminating the school administrator, or
  - 7.5 another action deemed appropriate by the superintendent.
8. The school administrator shall be given the opportunity to append additional comments to all written reports pertaining to his/her evaluation.
9. The superintendent shall inform the board of school administrator appointments annually.
10. In the event that remediation is necessary, the school administrator being evaluated shall receive a Notice of Remediation and the following steps shall be taken.
  - 10.1 A program of improvement will be undertaken by the school administrator and a reasonable time line for improvement will be set.
  - 10.2 At the end of the time allotted, the evaluation will resume.
11. This policy does not restrict a school board or superintendent,
  - 11.1 from taking disciplinary or other action, as appropriate, where the superintendent has reasonable grounds for believing that the actions, practices, or conduct of a school administrator endangers the safety of students, constitute a neglect of duty, a breach of trust or a refusal to obey a lawful order of the school board, or
  - 11.2 from taking any action or exercising any right or power under the *Education Act*.

**POLICY HANDBOOK****PREAMBLE**

Professional growth planning is a non-judgmental process designed to foster personal and professional growth. This policy operates under the assumption that school support staff are competent and that they are willing to improve their abilities to fulfill their responsibilities. The final assumption is that professional growth planning is a cooperative process between school support staff and professional educators.

In the true spirit of the professional growth policy, professional growth planning is non-judgmental and the principal and teachers:

- provide a listening ear
- participate in the plan if included
- have confidence in the school support staff member's ability
- encourage risk taking
- are supportive

**POLICY**

THE BOARD OF HORIZON SCHOOL DIVISION NO. 67 BELIEVES THAT ALL SCHOOL SUPPORT STAFF HAVE A RESPONSIBILITY TO BE INVOLVED IN CONTINUOUS, PROFESSIONAL GROWTH PLANNING PROCESS DESIGNED TO FOSTER GROWTH WHICH WILL ENHANCE STUDENT LEARNING.

**REGULATIONS**

1. The school support staff member will develop a process of professional growth planning each year.
2. Early in the school year the school support staff member will communicate his/her plan to the classroom support teacher or other supervisor. The classroom support teacher or other supervisor will communicate the plan to the school administrator.
3. At the end of each school year, the principal will submit to the superintendent written verification that each school support staff member developed and implemented a professional growth planning process.
4. Any written reports generated by this planning process will not be used in the summative evaluation process, unless requested by the school support staff member.

**GUIDELINES FOR THE PROFESSIONAL GROWTH PLANNING PROCESS**

1. In determining the professional growth planning process, a variety of alternatives should be considered by the school support staff member. Individuals and staffs are encouraged to generate strategies and approaches which may be used as specific examples of professional growth planning. For assistants, the four performance areas (refer to *Criteria for the Evaluation of an Assistant's Performance*) may become the focus of professional growth processes. For other support staff, position descriptions (including role and responsibilities) and/or evaluation performance criteria may be used to guide professional growth planning.
2. Professional growth planning should include frequent communication between the school support staff member, and appropriate personnel such as supervising teachers, and/or classroom support teachers, and school administrators.

**\*for the purpose of this document, the term school support staff includes assistants, secretaries, librarians, secretary assistants, and clerical aide**

## **POLICY**

THE BOARD OF TRUSTEES OF HORIZON SCHOOL DIVISION IS A CORPORATE BODY CHARGED WITH THE RESPONSIBILITY MANDATE OF PROVIDING KINDERGARTEN TO GRADE 12 EDUCATIONAL SERVICES WITHIN ITS JURISDICTIONEDUCATIONAL SERVICES TO EACH STUDENT ENROLLED IN THE DIVISION. THE POWERS OF THE BOARD MAY ONLY BE EXERCISED BY THE BOARD IN A DULY CONSTITUTED MEETING, UNLESS DELEGATED BY MEANS OF BOARD POLICY OR RESOLUTION.

## **GUIDELINES**

~~The Board will fulfill its responsibilities by the performance of the legislative, judicial and accountability functions:~~

- ~~1. 1. Legislative—The Education Act distinguishes between the Board’s “duties” which are mandatory and its “powers” which are discretionary.~~
- ~~2. The Board, as a partner in education, has the responsibility to:~~
  - ~~2.1. deliver appropriate education programming to meet the needs of all students enrolled in a school operated by the board and to enable their success,~~
  - ~~2.2. be accountable and provide assurances to students, parents, the community and the Minister for student achievement of learning outcomes,~~
  - ~~2.3. provide, where appropriate, for the engagement of parents, students, staff and the community, including municipalities and the local business community, in board matters, including the board’s plans and the achievement of goals and targets within those plans,~~
  - ~~2.4. ensure that each student enrolled in a school operated by the board and each staff member employed by the board is provided with a welcoming, caring, respectful and safe learning environment that respects diversity and fosters a sense of belonging,~~
  - ~~2.5. provide a continuum of specialized supports and services to students that is consistent with the principles of inclusive education,~~
  - ~~2.6. collaborate with municipalities, other boards and community-based service agencies in order to effectively address the needs of all students and manage the use of public resources,~~
  - ~~2.7. collaborate with post-secondary institutions and the community to enable smooth transitions for~~

students from secondary to post-secondary education;

2.8. establish and maintain governance and organizational structures that promote student well-being and success, and monitor and evaluate their effectiveness,

2.9. ensure effective stewardship of the board's resources,

2.10. recruit the superintendent and entrust the day-to-day management of the school division to the staff through the superintendent,

2.11. develop and implement a code of conduct that applies to trustees of the board, including definitions of breaches and sanctions, in accordance with principles set out by the Minister by order,

2.12. comply with all applicable Acts and regulations,

2.13. establish appropriate dispute resolution processes, and

2.14. carry out any other matters that the Minister prescribes.

3. The Board will fulfill its leadership responsibilities by the performance of the legislative, fiduciary and accountability functions:

3.1. Leadership

3.1.1. Strategic Leadership – When acting in its strategic leadership role the school board is planning for the future

3.1.2. Generative Leadership Generative leadership reflects the belief that “it takes a whole village to raise a child”. In this role, the school board talks to the community about the community's needs, the community's youth and the future. The school board gives all citizens an opportunity to shape the direction that education takes locally.

3.2. Legislative – The legislative function is performed by formulation and adoption of all policies and regulations necessary to:

3.2.1. develop a school based management system which allows for community involvement and participation in schools;

3.2.2. develop divisional education/business plans; and

3.2.3. develop effective communication with all stakeholders.

3.3. Fiduciary leadership – When fulfilling its fiduciary leadership role the school board focuses on its legal responsibilities

3.3.1. Many of the judicial functions are performed or delegating to the Superintendent, who has been appointed by the Board, the responsibility and authority to implement the policies and regulations formed and adopted by the Board.

3.4. Accountability - The school board holds the system – and itself – accountable for achieving its goals. The school board assigns roles and responsibilities for the desired results and creates a system to monitor and evaluate achievement of those results. The school board reports system and school performance to the public and to the provincial government.

3.5. Advocacy - The school board is an advocate for public education and for the local school system.

In this capacity, the school board consults its constituents and shares information with MLAs and government – as an individual board – and collectively through the ASBA.

## REGULATIONS

4. As per the Education Act, the board shall not delegate

4.1. the power to make a bylaw under,

4.2. the power to close a school or school building,

4.3. the power to requisition from a municipality that the board may have from time to time, or

4.4. the power to hold a hearing under section 212 transfer of teacher.

5. The board shall

5.1. establish, maintain and implement policies necessary for fulfilling its responsibilities under section 33,

5.2. ensure that all policies are available and accessible to students, parents, board employees and others affected by the policies,

5.3. in co-operation with school councils, provide for parental and community engagement in schools, and

5.4. maintain, repair, furnish and keep in good order all its real and personal property.

6. The board may

6.1. subject to section 18 and any regulations under this Act, develop, acquire or offer courses or programs,

6.2. subject to section 18 and any regulations under this Act, develop or acquire instructional materials for use in courses or programs or in schools, and

6.3. make policies, subject to any regulations under this Act respecting the establishment, administration, management and operation of

6.3.1. schools operated by the board, or

6.3.2. school buses and other vehicles used for the purposes of the board.

~~\_\_\_\_\_ The legislative function is performed by formulation and adoption of all policies and regulations necessary to:~~

~~\_\_\_\_\_ (a) develop a school based management system which allows for community involvement and participation in schools;~~

~~\_\_\_\_\_ (b) develop divisional education/business plans; and~~

~~\_\_\_\_\_ (c) develop effective communication with all stakeholders.~~

~~2. Judicial—The judicial function is performed by delegating to the Superintendent, who has been appointed by the Board, the responsibility and authority to implement the policies and regulations formed and adopted by the Board. Pursuant to the "School Act", the Board is responsible for the following:~~

- ~~— (a) making by laws;~~

**ATTACHMENT 1**

**Board Member’s Code of Conduct**

As a member of Horizon School Division No. 67 Board of Trustees, representing all the citizens of my community and responsible to the electorate through the democratic process, I recognize:

- a) That my fellow citizens have entrusted me, through the electoral process, with the educational development of the children and youth of the community.
- b) That trustees are the children's advocates and my first and greatest concern is the best interest of each and every one of these children without distinction as to who they are or what their background may be.
- c) That trustees are educational leaders who realize that the future welfare of the community, of the Province, and of Canada depends in the largest measure upon the quality of education we provide in the public schools to fit the needs of every learner.
- d) That legally, the authority of the Board is derived from the Province, which ultimately controls the organization and operation of the school district and which determines the degree of discretionary power left with the Board and the people of this community for the exercise of local autonomy.
- e) That I must never neglect my personal obligation to the community and my legal obligation to the Province, nor surrender these responsibilities to any other person, group, or organization but that, beyond these, I have a moral and civic obligation to the nation which can remain strong and free only so long as public schools in Canada are kept free and strong.

In view of the foregoing, I will:

- a) Devote time, thought and study to the duties of a school board member so that I may render effective and creditable service.
- b) Work with my fellow board members in a spirit of harmony and cooperation in spite of differences of opinion that arise during vigorous debate of points of issue.
- c) Consider information received from all sources and base my personal decision upon all available facts in every case, unswayed by partisan bias of any kind, and therefore, abide by and uphold the final majority decision of the board.
- d) Work together with my fellow board members to communicate to the electorate all the facts about their schools, to the end that they will readily provide the finest possible school program, school staff, and school facilities.
- e) Provide leadership to my community through setting goals and developing policies for the educational program and by regularly evaluating these in the light of the wishes and expectations of the community.
- f) Remember at all times that as an individual I have no legal authority outside the meeting of the board, and to conduct my relationships with the school staff, the community, and all media of communication on the basis of this fact.
- g) Resist every temptation and outside pressure to use my position as a school board member to benefit either myself or any other individual or agency apart from the total interest of the school jurisdiction.
- h) Recognize that the primary function of the board is to establish the policies by which the schools are to be administered, and that the administration of the educational program and

**POLICY BBF – School Board Member Ethics and Code of Conduct, Cont’d.**

conduct of school business shall be left to the employed superintendent of schools and his/her professional and non-professional staff.

- i) Encourage active co-operation by citizens, organizations, and the media in the district with respect to establishing policy on current school operations and proposed future developments.
- j) Support my provincial and national school board association for the future of trusteeship in this province and the nation.
- k) Provide to the best of my ability effective school board service to my community in a spirit of teamwork and devotion to public education as the greatest instrument for the preservation and perpetuation of our representative democracy.

**POLICY**

THE BOARD OF TRUSTEES OF HORIZON SCHOOL DIVISION BELIEVES THAT ITS ABILITY TO DISCHARGE ITS OBLIGATIONS IN AN EFFECTIVE MANNER IS DEPENDENT UPON A WELL ORGANIZED BOARD STRUCTURE AND EFFICIENT AND EFFECTIVE BOARD MEETINGS.

**GUIDELINES**

1. All meetings of the Board shall be carried out in harmony with the procedures outlined below.

2. Regular Board Meeting

~~2.~~

2.1 Times and dates shall be determined at the organizational meeting of the Board each fall, and posted on the jurisdiction website

2.2 Regular Board Meetings shall be open to the public

3. In Camera Board Meeting

~~3.~~

3.1 The Board may decide to hold a portion of a regular meeting “in camera” , by resolution, and exclude any person from that meeting.

3.2 The Board believes that “in camera” meetings should be limited to discussions of issues of a sensitive or confidential nature in accordance with the following.

3.2.1 The Board will go in camera to protect the organization, its operations, economic interests, and delivery of its mandate from harm that could result from the release of certain information.

3.2.2 The board will go in camera to protect individuals or third parties when the release of certain information would be an unreasonable invasion of their personal privacy.

3.3 The Board will not meet privately to discuss issues in a manner that materially advances the issues towards a board’s final decision – because this deprives the public of the opportunity to observe the material part of the board’s decision-making process.

~~4. Organizational Meeting~~

~~4.1 The Organizational meeting shall be held in conjunction with:~~

- ~~a) the first Regular meeting of the Board following a general election of Trustees~~
- ~~b) the Regular meeting in October on years where no general election is held~~

~~4.2 Agenda items at this meeting shall include but not necessarily be limited to:~~

- ~~a) Election of Board Chairperson and Vice Chairperson; one shall be from a rural ward within the jurisdiction and one shall be from Ward 3, Taber;~~
- ~~b) Setting of regular Board meeting dates/time;~~
- ~~c) Banking arrangement;~~
- ~~d) Board compensation;~~
- ~~e) Appointment of Committees.~~

**POLICY BD – Board Meetings, Cont’d.**

4. Organizational Meeting

- 4.1 The Organizational meeting shall be held annually:
  - 4.1.1 in conjunction with the regular meeting in October on years where no general election is held
  - 4.1.2 in any year in which a general election takes place, must be held within 4 weeks following the date the statement of the results of that election is announced or posted.
- 4.2 Agenda items at this meeting shall include but not necessarily be limited to:
  - 4.2.1 Election of Board Chairperson and Vice-Chairperson; one shall be from a rural ward within the jurisdiction and one shall be from Ward 3, Taber,
  - 4.2.2 Setting of regular Board meeting dates/time,
  - 4.2.3 Banking arrangement,
  - 4.2.4 Board compensation,
  - 4.2.5 Appointment of Committees.

~~**POLICY BD – Board Meetings, Cont’d.**~~

5. Special Meetings (meetings other than the regularly scheduled meetings) may be called by the chairperson, a majority of trustees, or the Minister at any time, subject to the following conditions:

~~5.~~

65.1 The secretary of the board must give notice of the organizational meeting to each trustee as if it were a special meeting.

5.2 -Written notice stating agenda, date, time, and location, shall be sent by ~~registered~~ recorded mail 7 days before the meeting, or emailed or personally delivered at least 2 days prior to the meeting; or

65.23 Without notice if ~~e~~Every trustee waives right to notice of meeting;

65.34 –Unless every trustee is present, no business other than the notified business may be transacted.

6. Electronic Participation

6.1 A trustee may participate in a meeting of the board by electronic means or other communication facilities if the electronic means or other communication facilities enable the trustees participating in the meeting and members of the public attending the meeting to hear each other.

6.2 Trustees participating in a meeting of the board by electronic means or other communication facilities are deemed to be present at the meeting.

**REGULATIONS**

POLICY BD – Board Meetings, Cont’d.

1. Every meeting of the Board shall have an agenda prepared by the Superintendent of Schools in consultation with the Board Chairperson.

~~1.~~

~~1.1.1.~~ Any trustee desiring to place an item on the agenda shall contact the Superintendent at least five days before Board meeting.

~~1.2.~~ The Agenda is to be in the hands of each trustee at least two days before the scheduled meeting.

- 2.1.1 500 electors and
- 2.1.2 the number of electors that is equal to 25% of the number of funded students to the board
- 2.2 The following must be excluded in determining the number of petitioners on a petition:
  - 2.2.1 a person whose signature appears on a page of the petition that does not contain an accurate statement of the purpose of the petition identical to the statement contained on all the other pages of the petition;
  - 2.2.2 a person whose signature is not witnessed;
  - 2.2.3 a person whose address is not set out or is incorrectly set out;
  - 2.2.4 a person who is not an elector.
- 2.3 There must be attached to every petition a statement signed by an elector stating that
  - 2.3.1 the elector represents the petitioners, and
  - 2.3.2 the elector is the person to whom a board may direct any inquiries with respect to the petition.
- 2.4 If a petition is found to be insufficient, the board must proceed as if the petition had not been presented to the board.
- 2.5 If a petition is determined sufficient by the secretary of the board, the board must, within 30 days of the date of the written notification declaring the results of the determination of sufficiency and establish a committee to review the petition.
  - 2.5.1 The committee must review the purpose of the petition and provide recommendations to the board in response to the purpose of the petition.
  - 2.5.2 The secretary of the board must provide the elector with written notification of the outcome of the review within 90 days of the date of the written notification declaring the results of the determination.
  - 2.5.3 This section does not apply to a petition received by a board under section 190 of the Education Act.

- 3. The Chairperson shall conduct the meeting.
  - 3.1 In the absence of the Chairperson, the Vice- Chairperson shall assume the chair.
  - ~~2.~~ 3.2 Should neither be present and a quorum is in attendance, the Board shall appoint a temporary chairperson.
- ~~3.4.~~ The Chairperson shall conduct the meetings in an orderly and businesslike manner, providing opportunity for all trustees to discuss all issues presented and to assure that all items move efficiently to closure.
- ~~4.5.~~ Trustees desiring to speak shall address themselves to the Chairperson who may at his/her discretion limit the number of times a trustee shall speak to the same resolution.

POLICY BD – Board Meetings, Cont’d.

6. All business shall be conducted through motions, discussions and vote process with Robert's Rules of Order being the authority for procedure should questions arise, unless otherwise agreed to by the board.

6.1 All resolutions must be submitted to a board by the chair of the board or a trustee, and no seconder is required.

6.2 The chair of the board and every trustee present at a meeting of the board must vote for or against every question unless

6.2.1 in a specific case, the chair or a trustee is excused by resolution of the board from voting, or

6.2.2 the chair of the board or a trustee has a pecuniary interest in the matter and abstains from voting as required under the Education Act.

6.3 The secretary of the board must, whenever a recorded vote is requested by a trustee, record in the minutes the name of each trustee present and whether the trustee voted for or against the matter.

6.3.1 Notwithstanding subsection 5.3, the secretary of the board must, immediately after a vote is taken and on the request of a trustee, record in the minutes the name of that trustee and whether that trustee voted for or against the matter or abstained.

6.4 Each question must be decided by a majority of the votes of the trustees present;  
6.4.1 in case of an equality of votes, the question must be decided in the negative;

6.4.2 a vote on a question must be taken by open vote;

5- 6.4.2.1 notwithstanding clause (c), with respect to the election of a chair of the board or a vice-chair of the board, if one or more trustees request that the vote be by secret ballot, the vote must be by secret ballot.

7. Once a motion is put to the question, each trustee shall vote on the question unless excused by virtue of pecuniary interest.

8 No act or proceeding of a board is binding unless it is adopted at a meeting at which a quorum of the board is present.

8.1 The quorum of a board is a majority of the number of trustees that are to be elected under the Education Act.

8.2 Notwithstanding 7.1, the Minister may order that when the number of trustees has fallen below the quorum the remaining trustees are deemed to be a quorum until elections are held to fill the number of vacancies required to achieve a quorum.

6-8.3 Notwithstanding 7.1, when the number of trustees at a meeting is less than a quorum because one or more trustees have declared a conflict of interest with respect to a matter

### Course Description

By following their writing interests and passions, students in Creative Writing & Publishing will write in a variety of specific creative writing genres. Moreover, students will build and manage their own digital portfolios and participate in the publishing process. The course is built upon increasing sophistication in the understanding of concepts and application of strategies and skills that provide students with the opportunity to engage in the work in creative and innovative ways. In the 3-credit course students will build a digital portfolio to demonstrate skills and growth. In the 5-credit course, students will, in addition, select from their growth portfolio to create a professional portfolio that showcases their best work and assists them in marketing their skills and abilities.

### Course Prerequisites

15: prerequisite | none

25: prerequisite | 15

35: prerequisite | 25

## **Sequence Introduction (formerly: Philosophy)**

In Creative Writing and Publishing, students cultivate their creativity and communication skills to become engaged thinkers about the media they create and participate in, and awareness of their role as ethical citizens with an entrepreneurial spirit in writing and publishing. In this course, students follow their writing interests and passions and engage in opportunities to write in a variety of genres that encourage them to experiment with new ideas, concepts and processes in various communication mediums. Students will create and manage their own digital portfolios.

## **Student Need (formerly: Rationale)**

This course provides students with the opportunity to explore interests, passions and career possibilities in writing and publishing. Students will have the opportunity to create original texts and follow editing, publishing and marketing processes using current approaches and technologies. Students will learn through liaising with professional writing organizations, submitting to established publications and creating their own publications.

## **Scope and Sequence (formerly: Learner Outcomes)**

Students will explore and learn about various mediums of expression and writing markets, and demonstrate understanding of the requirements that different markets have for submissions. Students will also assess how to effectively submit their writing to specific publications. This locally developed course provides additional opportunities for students to develop and refine the Alberta Education learner competencies by engaging in purposeful participation in democratic citizenship, expressing identity through literary arts, and perseverance and excellence in the work they engage in.

The guiding questions span all course levels. Where a learner outcome spans all levels, students are expected to show an increased sophistication and refinement of skills and in demonstrating the outcome. This course is built upon the following guiding questions. The guiding questions span all course levels. ## Course Description

ESL Introduction to Canadian Studies 15, 25 provides English Language Learners (ELLs) with the opportunity to build communicative competence with the English language while examining the evolving nature of Canadian citizenship and identity in local, national and global contexts.

### Communicative Competence

Communicative competence is the ability to communicate successfully in any context, be it social, academic, oral, or written (Alberta Education). Communicative competence is required for success in life, work and continued learning. Canale and Swain (1980) offer a model of language proficiency that outlines the four communicative areas that contribute to communicative competence: linguistic, strategic, sociolinguistic, and discourse for each of the four language strands: listening, speaking, reading and writing.

#### Linguistic Competency:

Understanding and using vocabulary, language conventions (grammar, punctuation and spelling) and syntax (sentence structure).

#### Strategic Competency:

Using techniques to overcome language gaps, plan and assess the effectiveness of communication, achieve conversational fluency and modify text for audience and purpose.

#### Socio-Linguistic Competency:

Having an awareness of social rules of language (e.g., formality, politeness, directness), nonverbal behaviours and cultural references (e.g., idioms, expressions, background knowledge)

#### Discourse:

Understanding how ideas are connected through patterns of organization and cohesive and transitional devices

Additionally, each language strand has a strand-specific competency. The strand-specific competencies are as follows:

Listening: auditory discrimination

Speaking: pronunciation

Reading: fluency

Writing: editing

#### The English Language Development (ELD) Framework

The English Language Development (ELD) framework (Dutro & Moran, 2003) provides a pedagogical structure to support the development of communicative competence within content area learning. Explicit language instruction based on the function (purpose) of language in the lesson or task forms the foundation of this instructional approach. Linguistic functions are often identified through the learning outcomes of the course (e.g., describe, analyze, persuade). Vocabulary (subject-specific and academic) and forms (grammar, sentence structures, and text organization) required to communicate these functions are explicitly taught and practiced in meaningful and authentic learning experiences to develop fluency in usage.

The ELD framework is applied to intellectually engaging tasks that are situated within a broader instructional approach of personalized learning and cultural responsiveness. ELD

is comprised of the following components:

1. Explicit language instruction
  - a. Targets the communicative competencies outlined in the Alberta K-12 ESL Proficiency Benchmarks
  - b. Focuses on the language function, vocabulary, and forms necessary to access the content objective/task demands and provides practice and ongoing language-specific feedback to build fluency.
2. Frontloading challenging vocabulary and linguistic structures to render content understandable
3. Capitalizing on the teachable language learning moments.
4. Ongoing assessment based on the Alberta K-12 Proficiency Benchmarks that informs next steps in teaching and learning.

Note: Possible linguistic functions have been identified for the specific learning outcomes for this course.

#### Adjusting Scaffolds as Language Develops

As students gain autonomy in using academic language fluently and accurately, language instruction and learner scaffolds are adjusted accordingly. For example, a beginner ELL may rely strongly on visuals, realia, and first language translation when acquiring subject-specific vocabulary, whereas an intermediate ELL may be able to understand the meaning of the word through a description of the target word that uses familiar English synonyms.

#### Academic Language – The Language of Success for All

Academic language is the language used to access and engage with Programs of Study. Proficiency in academic language requires students to comprehend and produce increasingly complex vocabulary, grammar, sentence structures and text organization. Students who acquire a high level of proficiency in academic language experience greater success in school and beyond. As such, explicit instruction in academic language benefits all learners, both ELLs and native English speakers.

### **Course Prerequisites**

## Sequence Introduction (formerly: Philosophy)

ESL Introduction to Canadian Studies 15, 25 develop academic English language proficiency through social studies concepts and processes focussed on the Canadian context. This goal is achieved through the implementation of the English Language Development (ELD) framework, an instructional approach to explicit language instruction within content area learning. Students will use their growing proficiency with language functions, forms and vocabulary to engage with and examine a range of academic and content-specific materials and to understand and produce a variety of texts and types of communication. Targeted language functions in this course are drawn from and connected to Alberta Social Studies Programs of Study.

The content for Canadian Studies 15, 25 is organized around essential understandings and the following three guiding questions:

- How does development of receptive language skills (listening and reading) enable students to comprehend information and ideas related to course content?
- How does development of expressive language skills (speaking and writing) enable students to communicate information and ideas related to course content?
- How does a strong understanding of Canada's present and past enable students to become active and responsible citizens, engaged in the democratic process, and effect change in their communities, society, and world?

Students engage with content from present day, moving towards an understanding of Canada's past to a vision of how they can impact their futures in Canada. The learning outcomes of these courses are sequenced to reflect the stages of language acquisition, whereby linguistic competencies progress from present to past to future. Also in alignment with language development, the social studies learning outcomes are organized from concrete to more abstract concepts.

## **Student Need (formerly: Rationale)**

ELLs face language-related barriers to achievement in social studies due to the extensive use of subject-specific vocabulary and the complexity of discourse, grammatical structures, vocabulary and language functions in the discipline. ELLs may also face content-related barriers due to limited background knowledge about Canada and Canadian cultural, historical, geographical, social and political concepts, values and constructs, or varying experience with social studies processes and dimensions of thinking. Canadian Studies 15, 25 have been created to bridge ELLs' gaps in language and social studies concepts related to the Canadian contexts. These courses support ELLs who are attempting to catch up to a moving target, namely, native-speakers of English whose academic language and literacy skills are increasing significantly from one grade level to the next. (Cummins, 2012)

## **Scope and Sequence (formerly: Learner Outcomes)**

Essential Understandings:

Developing communicative competence supports students to develop a strong understanding of Canada's present and past to become active and responsible citizens, engaged in the democratic process and effect change in their communities, society and world

NOTE: Language outcomes are derived directly from the Alberta K-12 ESL Proficiency Benchmarks, Grades 10-12. (See Alberta K-12 ESL Proficiency Benchmarks Grades 10 – 12, LP 1, 2, and 3 for illustrative examples.) Key: "Comp" means "Competency" in the charts below. Strands: L=Listening, S=Speaking, R=Reading, W=Writing.

## **Guiding Questions (formerly: General Outcomes)**

- 1 How does development of receptive language skills of listening and reading, enable students to comprehend information and ideas related to course content?**
- 2 How does development of expressive language skills of speaking and writing enable students to communicate information and ideas related to course content?**
- 3 Canada's present - How does a strong understanding of Canada's present enable students to become active and responsible citizens, engaged in the democratic process, and effect change in their communities, society and world? What is Canada, the country like today? What does it mean to be a person living in Canada today? Geography - what is the geography of Canada and how does it shape the lives of individuals and groups in Canada? Economics - how do individuals and groups in Canada meet their needs and wants? Society - how are the identities of individuals and groups in Canada shaped by a pluralistic society? Politics - how is Canada governed and how does government support or restrict individuals and groups in Canada?**
- 4 Canada's past - What are the historical understanding that have shaped individuals and groups living in Canada? Geography - how has Canadian geography changed over time and how has these changes shaped the lives of individuals and groups in Canada? Economics - how did different groups contribute to the economic development of Canada? Society - how and why did different groups and individuals move to and within Canada; what were the social impacts of migration on different groups and individuals; what social and economic barriers did these groups and individuals face? Politics - how did different groups and regions govern themselves in Canada and how has the role and function of Canadian government changed historically?**
- 5 Canada's future - what roles and responsibilities do people living in Canada have, geographically, economically, socially and politically in shaping the future of Canada so that all individuals and groups can thrive and succeed?**

## Learning Outcomes (formerly: Specific Outcomes)

<b>1 How does development of receptive language skills of listening and reading, enable students to comprehend information and ideas related to course content?</b>	15-5 25-5
1.1 LP1 - Linguistic Vocabulary   L - Understand some words, approximately 5000, including utility words, descriptive words, subject-specific words, and academic words with visual support	X
1.2 LP1 - Linguistic Vocabulary   R - Understand some words, approximately 5000, including utility words, descriptive words, and subject-specific vocabulary	X
1.3 LP2 - Linguistic Vocabulary   L - Understand more words, approximately 15,000, including utility words, descriptive words, subject-specific words, and academic words.	X
1.4 LP2 - Linguistic Vocabulary   R - Understand more words, approximately 15,000, including utility words, descriptive words, and subject-specific vocabulary	X
1.5 LP3 - Linguistic Vocabulary   L - Understand a range of words, approximately 25,000, including utility words, descriptive words, subject-specific words, academic words, and words with multiple meanings.	X
1.6 LP3 - Linguistic Vocabulary   R - Understand a range of words, approximately 25,000, through contextual cues.	X
1.7 LP1 - Linguistic Syntax   L - Understand subject-verb-object sentence structure in familiar contexts.	X
1.8 LP1 - Linguistic Syntax   R - Understand simple sentences	X
1.9 LP2 - Linguistic Syntax   L - Understand compound sentences in familiar contexts.	X
1.10 LP2 - Linguistic Syntax   R - Understand compound sentences and simple detailed sentences.	X
1.11 LP3 - Linguistic Syntax   L - Understand compound sentences and complex sentences in unfamiliar contexts	X

1.12 LP3 - Linguistic Syntax   R - Understand complex sentences containing subordinate clauses, relative clauses, and conditional clauses.	X
1.13 LP1 - Strategic   L - Respond to literal questions with "what," "where," "when," "who" and "how many."	X
1.14 LP1 - Strategic   R - Decode familiar words and sight words.	X
1.15 LP1 - Strategic   L - Seek clarification by using familiar expressions.	X
1.16 LP1 - Strategic   R - Rely on pictures, familiar phrases, patterned sentences, context, shared experiences, and first language and culture to comprehend simple texts on familiar topics.	X
1.17 LP2 - Strategic   L - Respond to open-ended questions.	X
1.18 LP2 - Strategic   R - Decode word families, consonant blends, and long- and short-vowel sounds.	X
1.19 LP2 - Strategic   L - Seek clarification by restating, paraphrasing	X
1.20 LP2 - Strategic   R - Use rereading, reading on, contextual cues, and root-word recognition to comprehend texts on familiar topics.	X
1.21 LP3 - Strategic   L - Respond to hypothetical questions.	X
1.22 LP3 - Strategic   R - Decode root words, prefixes, suffixes, and vowel digraphs.	X
1.23 LP3 - Strategic   L - Seek clarification by asking questions.	X
1.24 LP3 - Strategic   R - Use predicting, inferencing, contextual cues, and/or affix analysis to understand texts on unfamiliar topics.	X
1.25 LP1 - Socio-Linguistic   L - Respond appropriately to common social expressions in formal and informal contexts.	X
1.26 LP1 - Socio-Linguistic   R - Understand the literal meaning of simple texts on familiar topics.	X

1.27 LP2 - Socio-Linguistic   L - Respond appropriately to common social expressions, intonation, idiomatic expressions in formal and informal contexts.	X
1.28 LP2 - Socio-Linguistic   R - Understand common social expressions and figurative language in texts on familiar topics.	X
1.29 LP3 - Socio-Linguistic   L - Respond appropriately to slang, humour, common idioms, and common social expressions. Recognize register, intonation in a variety of contexts.	X
1.30 LP3 - Socio-Linguistic   R - Understand explicit social references, explicit cultural references, and figurative language in a variety of texts.	X
1.31 LP1 - Discourse   L - Understand familiar commands, two-step instructions, the gist of discussions and presentations containing phrases and simple related sentences connected with "and" and "then" on familiar topics with visual support.	X
1.32 LP1 - Discourse   R - Understand simple narratives and descriptive texts containing common conjunctions.	X
1.33 LP2 - Discourse   L - Understand the gist of discussions and presentations containing simple related sentences connected with common conjunctions, time markers, and sequence markers on familiar topics	X
1.34 LP2 - Discourse   R - Understand ideas in simple explanations and procedural texts connected with conjunctions, time markers, and sequence markers.	X
1.35 LP3 - Discourse   L - Understand main ideas, examples, clauses in detailed paragraphs connected with common cohesive devices in academic explanations.	X
1.36 LP3 - Discourse   R - Understand ideas in related paragraphs connected with cohesive devices indicating comparison and contrast; transition words.	X
1.37 LP1 - Auditory Discrimination   L - Recognize common contractions and distinguish minimal pairs in speech spoken at a slower rate.	X
1.38 LP2 - Auditory Discrimination   L - Understand contractions and familiar reduced speech.	X
1.39 LP3 - Auditory Discrimination   L - Understand rapid speech on familiar topics.	X

1.40 LP1 - Fluency   R - Read word-by-word with some phrasing.	X
1.41 LP2 - Fluency   R - Read with some phrasing, rereading, sounding out of words, pausing to refer to visuals; substitution of unknown words with familiar words.	X
1.42 LP3 - Fluency   R - Read increasingly with expression and attention to common punctuation; meaningful word substitutions.	X

<b>2 How does development of expressive language skills of speaking and writing enable students to communicate information and ideas related to course content?</b>	<b>15-5 25-5</b>
2.1 LP1 - Linguistic Vocabulary   S - Use some words, approximately 5000, including utility words, descriptive words, and subject-specific words to express needs, express feelings, express preferences and respond to questions.	X
2.2 LP1 - Linguistic Vocabulary   W - Use some words, approximately 5000, including utility words, descriptive words and subject-specific words.	X
2.3 LP2 - Linguistic Vocabulary   S - Use more words, approximately 15,000, including utility words, descriptive words, subject-specific words to express ideas, ask and answers questions and make statements.	X
2.4 LP2 - Linguistic Vocabulary   W - Use more words, approximately 15,000, including utility words, descriptive words and subject-specific words.	X
2.5 LP3 - Linguistic Vocabulary   S - Use a range of words, approximately 25,000, including utility words, descriptive words, subject-specific words, and academic words to comment, state opinions, clarify and express agreement or disagreement.	X
2.6 LP3 - Linguistic Vocabulary   W - Use a range of words, approximately 25,000, including utility words, descriptive words, subject-specific words and academic words.	X
2.7 LP1 - Linguistic Grammar   S - Use common pronouns, adjectives, nouns, and verbs in present tense with errors and omissions.	X

2.8 LP1 - Linguistic Grammar   W - Use familiar nouns, pronouns, adjectives, adverbs, prepositions, articles and verbs with tense errors and omissions	X
2.9 LP2 - Linguistic Grammar   S - Use regular plurals, possessives, prepositions, and verbs in continuous and simple past tenses with agreement and tense errors	X
2.10 LP2 - Linguistic Grammar   W - Use regular plurals, possessive pronouns, prepositional phrases, regular verbs in continuous and simple past tenses, and irregular verbs in continuous and simple past tenses with tense and usage errors.	X
2.11 LP3 - Linguistic Grammar   S - Use negatives, noun phrases, adjective phrases, irregular plurals, possessives, prepositions, and verbs in future continuous and irregular past tenses with some usage errors.	X
2.12 LP3 - Linguistic Grammar   W - Use negatives, irregular plurals, object pronouns, prepositions, regular verbs in past and future continuous tenses, and irregular verbs in past and future continuous tenses with occasional errors.	X
2.13 LP1 - Linguistic Syntax   S - Follow patterned sentences, phrases and subject-verb-object sentences.	X
2.14 LP1 - Linguistic Syntax   W - Write simple declarative sentences, negative sentences and question sentences using sentence frames.	X
2.15 LP2 - Linguistic Syntax   S - Use patterned and predictable affirmative and negative statements, questions and commands.	X
2.16 LP2 - Linguistic Syntax   W - Write simple compound sentences and simple detailed sentences.	X
2.17 LP3 - Linguistic Syntax   S - Add detail to affirmative and negative statements, questions and commands.	X
2.18 LP3 - Linguistic Syntax   W - Write a variety of compound sentences and complex sentences.	X
2.19 LP1 - Strategic   S - Use known phrases, simple questions and first-language translation.	X
2.20 LP1 - Strategic   W - Use copying, spelling from memory, words with similar sounds, sentence frames to spell familiar words, write ideas, complete patterned sentences and use basic punctuation.	X

2.21 LP2 - Strategic   S - Use message replacement, everyday expressions and everyday questions.	X
2.22 LP2 - Strategic   W - Use familiar vocabulary, known phrases, common expressions, cognates, word lists, templates and models, and personal dictionary to find appropriate words, spell irregularly spelled words, distinguish homophones and homonyms and increase use of punctuation.	X
2.23 LP3 - Strategic   S - Use circumlocution and clarifying questions.	X
2.24 LP3 - Strategic   W - Use circumlocution, word substitution, format samples, visual dictionary, bilingual dictionary, and punctuation modelled in books to add descriptions to writing, make better word choices, confirm spelling and improve accuracy of punctuation.	X
2.25 LP1 - Socio-Linguistic   S - Use greetings, common courtesy expressions, and familiar social expressions to participate in social and classroom situations.	X
2.26 LP1 - Socio-Linguistic   W - Produce texts using familiar words, familiar phrases, sentence frames to complete forms, create graphic organizers and label diagrams.	X
2.27 LP2 - Socio-Linguistic   S - Use common expressions, slang, idioms and gestures to communicate with peers.	X
2.28 LP2 - Socio-Linguistic   W - Produce texts for specific purposes using templates, samples, story plans or graphic organizers.	X
2.29 LP3 - Socio-Linguistic   S - Use expressions, idioms, and common social references in appropriate contexts.	X
2.30 LP3 - Socio-Linguistic   W - Produce expository texts and narrative texts using knowledge of culturally appropriate forms and styles.	X
2.31 LP1 - Discourse   S - Connect familiar phrases and simple sentences with "and" to express needs, feelings and opinions.	X
2.32 LP1 - Discourse   W - Connect ideas in simple sentences using common conjunctions, common time markers and common sequence markers.	X

2.33 LP2 - Discourse   S - Connect ideas using common conjunctions, time markers, and sequence markers to share ideas, ask questions, describe and explain.	X
2.34 LP2 - Discourse   W - Connect ideas in a basic paragraph using common conjunctions, time markers and sequence markers.	X
2.35 LP3 - Discourse   S - Connect ideas using conjunctions and prepositional phrases to elaborate, describe, sequence and explain.	X
2.36 LP3 - Discourse   W - Connect ideas in a three-paragraph narrative and a three-paragraph descriptive composition using transition words and subordinate conjunctions.	X
2.37 LP1 - Pronunciation   S - Approximate English rhythm and intonation in familiar and rehearsed activities, although pronunciation errors may interfere with meaning.	X
2.38 LP2 - Pronunciation   S - Demonstrate comprehensible pronunciation and appropriate intonation in familiar and rehearsed activities, although pronunciation errors may still occur.	X
2.39 LP3 - Pronunciation   S - Demonstrate comprehensible pronunciation and appropriate intonation in unfamiliar and unrehearsed activities, with occasional errors.	X
2.40 LP1 - Editing   W - Edit sentences for capitalization of names and words at the beginning of sentences, periods and regular spelling of familiar words.	X
2.41 LP2 - Editing   W - Edit and revise paragraphs for regular spelling, end punctuation, commas in lists and addition of detail.	X
2.42 LP3 - Editing   W - Edit and revise expository and narrative texts for capitalization of proper nouns, apostrophes, quotation marks, hyphens, dashes and commas, regular and irregular spelling, spelling of homophones and homonyms, and subject-verb agreement appropriate word choice addition of supporting details. ## Statement of Overlap with Existing Programs

Provincial Courses with Overlap and/or Similarity

- Social Studies 10-3

Identified Overlap/Similarity

The learning outcomes overlap with some of the topics in Social Studies 10-3 related to Canadian geography, government and identity.

Reasoning as to Why LDC Is Necessary

The language skills and social studies conceptual understandings acquired in ESL Introduction to Canadian Studies 15, 25 bridge the gap for ELLs and form the foundation for success in future social studies courses. Once language and conceptual bases have been established through these courses, students will be able to enter into Alberta Education Social Studies programming. Students will continue to require differentiated instruction focused on academic language development in future social studies courses.

Locally Developed Courses with Overlap and/or Similarity

- ESL Introduction to Science 15, 25.

Identified Overlap/Similarity

The language learning outcomes overlap with ESL Introduction to Science 15, 25 because the language objectives are based on the Alberta K-12 ESL Proficiency Benchmarks, which apply to both courses.

## Course Description

The primary goal of ESL Introduction to Science 15, 25 is to provide English Language Learners (ELLs) with the opportunity to build communicative competence with the English language while attaining the scientific awareness needed to function as contributing members of society.

### Communicative Competence

Communicative Competence is the ability to communicate successfully in any context, be it social, academic, oral, or written (Alberta Education). Communicative competence is required for success in life, work, and continued learning. Canale and Swain (1980) offer a model of language proficiency that outlines the four communicative areas that contribute to communicative competence: linguistic, strategic, sociolinguistic and discourse for each of the four language strands: listening, speaking, reading and writing.

Please note that the following descriptions and examples are not exhaustive. Visit [LearnAlberta](#) for a more detailed explanation and examples of communicative competence.

#### Linguistic Competency:

Understanding and using vocabulary, language conventions (grammar, punctuation, spelling) and syntax (sentence structure).

#### Strategic Competency:

Using techniques to overcome language gaps, plan and assess the effectiveness of communication, achieve conversational fluency and modify text for audience and purpose.

#### Socio-Linguistic Competency:

Having an awareness of social rules of language (e.g., formality, politeness, directness), nonverbal behaviours and cultural references (e.g., idioms, expressions, background

knowledge)

Discourse:

Understanding how ideas are connected through patterns of organization and cohesive and transitional devices

Additionally, each language strand has a strand-specific competency. The strand-specific competencies are as follows:

Listening: auditory discrimination

Speaking: pronunciation

Reading: fluency

Writing: editing

### The English Language Development Framework

Dutro & Moran's English Language Development (ELD) framework (2003) provides a pedagogical structure to support the development of communicative competence within content area learning. Explicit language instruction based on the function (or purpose) of language in the lesson or task forms the foundation of this instructional approach. Linguistic functions are often identified through the learning outcomes of the course (e.g., describe, analyze, persuade). Vocabulary (subject-specific and academic) and forms (grammar, sentence structures, and text organization) required to communicate these functions are explicitly taught and practiced in meaningful and authentic learning experiences to develop fluency in usage.

The ELD framework is applied to intellectually engaging tasks that are situated within a broader instructional approach of personalized learning and cultural responsiveness. ELD is comprised of the following components:

1. Explicit language instruction

- targets the communicative competencies outlined in the Alberta K-12 ESL Proficiency Benchmarks

- focuses on the language function, vocabulary and forms necessary to access the content objective/task demands and provides practice and ongoing language-specific feedback to build fluency.

2. Frontloading challenging vocabulary and linguistic structures to render content understandable

3. Capitalizing on the teachable language learning moments.

4. Ongoing assessment based on the Alberta K-12 Proficiency Benchmarks that informs next steps in teaching and learning.

Note: Possible linguistic functions have been identified for the specific learning outcomes for this course.

### Adjusting Scaffolds as Language Develops

As students gain autonomy in using academic language fluently and accurately, language instruction and learner scaffolds are adjusted accordingly. For example, a beginner ELL may rely strongly on visuals, realia, and first language translation when acquiring subject-specific vocabulary, whereas an intermediate ELL may be able to understand the meaning of the word through a description of the target word that uses familiar English synonyms.

### Academic Language – The Language of Success for All

Academic language is the language used to access and engage with Programs of Study. Proficiency in academic language requires students to comprehend and produce increasingly complex vocabulary, grammar, sentence structures and text organization. Students who acquire a high level of proficiency in academic language experience greater success in school and beyond. As such, explicit instruction in academic language benefits all learners, both ELLs and native English speakers.

This course requires the use of a high school science lab and high school science equipment. As with all Science courses, teachers should refer to Health and Safety in the Science Classroom: Kindergarten to Grade 12 (2019) from Alberta Education to inform their practice regarding the health and safety of themselves and their students.

## **Course Prerequisites**

No prerequisite.

# Sequence Introduction (formerly: Philosophy)

ESL Introduction to Science 15, 25 develop students' academic English language proficiency through scientific concepts and processes. This goal is achieved through the implementation of the English Language Development (ELD) framework, an instructional approach to explicit language instruction within content area learning. Students will use their growing proficiency with language functions, forms, and vocabulary to explore and develop a range of scientific concepts and skills. Targeted language functions in this course are drawn from and connected to Alberta Science Program of Study.

The content for Science 15, 25 is organized around essential understandings and the following guiding questions:

- Receptive Language: How does development of receptive language skills (listening and reading) enable students to comprehend information and ideas related to course content?
- Expressive Language: How does development of expressive language skills (speaking and writing) enable students to communicate information and ideas related to course content?
- Scientific Inquiry: What are the characteristics of scientific understanding?
- Life Science: What are the characteristics of living things? How do living things adapt to changes over time?
- Chemistry: What is matter? How does matter react when combined?
- Physical Science: How does energy affect the movement of objects?

## **Student Need (formerly: Rationale)**

ELLs face language-related barriers to achievement in science due to the extensive use of subject-specific vocabulary, the complexity of discourse (e.g., text structures), grammatical structures (e.g., nominalization) and language functions in the discipline. ELLs may also face content-related barriers due to limited background knowledge in science and the scientific method. These courses support ELLs who are attempting to catch up to a moving target, namely, native-speakers of English whose academic language and literacy skills are increasing significantly from one grade level to the next.

## Scope and Sequence (formerly: Learner Outcomes)

Developing communicative competence supports students to grow their science-related knowledge, skills, attitudes, and literacy thereby enabling students to make informed decisions, solve problems and critically address science-related societal, economic, ethical and environmental issues.

The content for ESL Introduction to Science 15, 25 is organized around essential understandings and the following guiding questions:

- Receptive Language: How does development of receptive language skills (listening and reading) enable students to comprehend information and ideas related to course content?
- Expressive Language: How does development of expressive language skills (speaking and writing) enable students to communicate information and ideas related to course content?
- Scientific Inquiry: What are the characteristics of scientific understanding?
- Life Science: What are the characteristics of living things? How do living things adapt to changes over time?
- Chemistry: What is matter? How does matter react when combined?
- Physical Science: How does energy affect the movement of objects?

NOTE: Language outcomes are derived directly from the Alberta K-12 ESL Proficiency Benchmarks, Grades 10-12. (See Alberta K-12 ESL Proficiency Benchmarks Grades 10 – 12, LP 1, 2, and 3 for illustrative examples.)

Key: “Comp” means “Competency” in the charts below. Strands: L=Listening, S=Speaking, R=Reading, W=Writing.

## **Guiding Questions (formerly: General Outcomes)**

- 1 Receptive Language: How does development of receptive language skills (listening and reading) enable students to comprehend information and ideas related to course content?**
- 2 Expressive Language: How does development of expressive language skills (speaking and writing) enable students to communicate information and ideas related to course content?**
- 3 Scientific Inquiry: What are the characteristics of scientific understanding?**
- 4 Life Science: What are the characteristics of living things? How do living things adapt to changes over time?**
- 5 Chemistry: What is matter? How does matter react when combined?**
- 6 Physical Science: How does energy affect the movement of objects?**

1.11 LP3 - Linguistic Syntax   L - Understand compound sentences and complex sentences in unfamiliar contexts	X
1.12 LP3 - Linguistic Syntax   R - Understand complex sentences containing subordinate clauses, relative clauses and conditional clauses.	X
1.13 LP1 - Strategic   L - Respond to literal questions with "what," "where," "when," "who" and "how many."	X
1.14 LP1 - Strategic   R - Decode familiar words and sight words.	X
1.15 LP1 - Strategic   L - Seek clarification by using familiar expressions.	X
1.16 LP1 - Strategic   R - Rely on pictures, familiar phrases, patterned sentences, context, shared experiences and first language and culture to comprehend simple texts on familiar topics.	X
1.17 LP2 - Strategic   L - Respond to open-ended questions.	X
1.18 LP2 - Strategic   R - Decode word families, consonant blends and long- and short-vowel sounds.	X
1.19 LP2 - Strategic   L - Seek clarification by restating, paraphrasing.	X
1.20 LP2 - Strategic   R - Use rereading, reading on, contextual cues and root-word recognition to comprehend texts on familiar topics.	X
1.21 LP3 - Strategic   L - Respond to hypothetical questions.	X
1.22 LP3 - Strategic   R - Decode root words, prefixes, suffixes and vowel digraphs.	X
1.23 LP3 - Strategic   L - Seek clarification by asking questions.	X
1.24 LP3 - Strategic   R - Use predicting, inferencing, contextual cues, and/or affix analysis to understand texts on unfamiliar topics.	X
1.25 LP1 - Socio-Linguistic   L - Respond appropriately to common social expressions in formal and informal contexts.	X

1.26 LP1 - Socio-Linguistic   R - Understand the literal meaning of simple texts on familiar topics.	X
1.27 LP2 - Socio-Linguistic   L - Respond appropriately to common social expressions, intonation, idiomatic expressions in formal and informal contexts.	X
1.28 LP2 - Socio-Linguistic   R - Understand common social expressions and figurative language in texts on familiar topics.	X
1.29 LP3 - Socio-Linguistic   L - Respond appropriately to slang, humour, common idioms and common social expressions. Recognize register, intonation in a variety of contexts.	X
1.30 LP3 - Socio-Linguistic   R - Understand explicit social references, explicit cultural references and figurative language in a variety of texts.	X
1.31 LP1 - Discourse   L - Understand familiar commands, two-step instructions, the gist of discussions and presentations containing phrases and simple related sentences connected with "and" and "then" on familiar topics with visual support.	X
1.32 LP1 - Discourse   R - Understand simple narratives and descriptive texts containing common conjunctions.	X
1.33 LP2 - Discourse   L - Understand the gist of discussions and presentations containing simple related sentences connected with common conjunctions, time markers, and sequence markers on familiar topics.	X
1.34 LP2 - Discourse   R - Understand ideas in simple explanations and procedural texts connected with conjunctions, time markers and sequence markers.	X
1.35 LP3 - Discourse   L - Understand main ideas, examples, clauses in detailed paragraphs connected with common cohesive devices in academic explanations.	X
1.36 LP3 - Discourse   R - Understand ideas in related paragraphs connected with cohesive devices indicating comparison and contrast; transition words.	X
1.37 LP1 - Auditory Discrimination   L - Recognize common contractions and distinguish minimal pairs in speech spoken at a slower rate.	X
1.38 LP2 - Auditory Discrimination   L - Understand contractions and familiar reduced speech.	X

1.39 LP3 - Auditory Discrimination   L - Understand rapid speech on familiar topics.	X
1.40 LP1 - Fluency   R - Read word-by-word with some phrasing.	X
1.41 LP2 - Fluency   R - Read with some phrasing, rereading, sounding out of words, pausing to refer to visuals; substitution of unknown words with familiar words.	X
1.42 LP3 - Fluency   R - Read increasingly with expression and attention to common punctuation; meaningful word substitutions.	X

<b>2 Expressive Language: How does development of expressive language skills (speaking and writing) enable students to communicate information and ideas related to course content?</b>	<b>15-5 25-5</b>
2.1 LP1 - Linguistic Vocabulary   S - Use some words, approximately 5000, including utility words, descriptive words, and subject-specific words to express needs, express feelings, express preferences and respond to questions.	X
2.2 LP1 - Linguistic Vocabulary   W - Use some words, approximately 5000, including utility words, descriptive words and subject-specific words.	X
2.3 LP2 - Linguistic Vocabulary   S - Use more words, approximately 15,000, including utility words, descriptive words, subject-specific words to express ideas, ask and answers questions and make statements.	X
2.4 LP2 - Linguistic Vocabulary   W - Use more words, approximately 15,000, including utility words, descriptive words and subject-specific words.	X
2.5 LP3 - Linguistic Vocabulary   S - Use a range of words, approximately 25,000, including utility words, descriptive words, subject-specific words, and academic words to comment, state opinions, clarify and express agreement or disagreement.	X
2.6 LP3 - Linguistic Vocabulary   W - Use a range of words, approximately 25,000, including utility words, descriptive words, subject-specific words and academic words.	X

2.7 LP1 - Linguistic Grammar   S - Use common pronouns, adjectives, nouns, and verbs in present tense with errors and omissions.	X
2.8 LP1 - Linguistic Grammar   W - Use familiar nouns, pronouns, adjectives, adverbs, prepositions, articles and verbs with tense errors and omissions.	X
2.9 LP2 - Linguistic Grammar   S - Use regular plurals, possessives, prepositions, verbs in continuous and simple past tenses with agreement and tense errors.	X
2.10 LP2 - Linguistic Grammar   W - Use regular plurals, possessive pronouns, prepositional phrases, regular verbs in continuous and simple past tenses, irregular verbs in continuous and simple past tenses with tense and usage errors.	X
2.11 LP3 - Linguistic Grammar   S - Use negatives, noun phrases, adjective phrases, irregular plurals, possessives, prepositions, verbs in future continuous and irregular past tenses with some usage errors.	X
2.12 LP3 - Linguistic Grammar   W - Use negatives, irregular plurals, object pronouns, prepositions, regular verbs in past and future continuous tenses, and irregular verbs in past and future continuous tenses with occasional errors.	X
2.13 LP1 - Linguistic Syntax   S - Follow patterned sentences, phrases, and subject-verb-object sentences.	X
2.14 LP1 - Linguistic Syntax   W - Write simple declarative sentences, negative sentences and question sentences using sentence frames.	X
2.15 LP2 - Linguistic Syntax   S - Use patterned and predictable affirmative and negative statements, questions and commands.	X
2.16 LP2 - Linguistic Syntax   W - Write simple compound sentences and simple detailed sentences.	X
2.17 LP3 - Linguistic Syntax   S - Add detail to affirmative and negative statements, questions and commands.	X
2.18 LP3 - Linguistic Syntax   W - Write a variety of compound sentences and complex sentences.	X
2.19 LP1 - Strategic   S - Use known phrases, simple questions and first-language translation.	X

2.20 LP1 - Strategic   W - Use copying, spelling from memory, words with similar sounds, sentence frames to spell familiar words, write ideas, complete patterned sentences and use basic punctuation.	X
2.21 LP2 - Strategic   S - Use message replacement, everyday expressions and everyday questions.	X
2.22 LP2 - Strategic   W - Use familiar vocabulary, known phrases, common expressions, cognates, word lists, templates and models, personal dictionary to find appropriate words, spell irregularly spelled words, distinguish homophones and homonyms and increase use of punctuation.	X
2.23 LP3 - Strategic   S - Use circumlocution and clarifying questions.	X
2.24 LP3 - Strategic   W - Use circumlocution, word substitution, format samples, visual dictionary, bilingual dictionary, and punctuation modelled in books to add descriptions to writing, make better word choices, confirm spelling and improve accuracy of punctuation.	X
2.25 LP1 - Socio-Linguistic   S - Use greetings, common courtesy expressions, familiar social expressions to participate in social and classroom situations.	X
2.26 LP1 - Socio-Linguistic   W - Produce texts using familiar words, familiar phrases, sentence frames to complete forms, create graphic organizers and label diagrams.	X
2.27 LP2 - Socio-Linguistic   S - Use common expressions, slang, idioms and gestures to communicate with peers.	X
2.28 LP2 - Socio-Linguistic   W - Produce texts for specific purposes using templates, samples, story plans or graphic organizers.	X
2.29 LP3 - Socio-Linguistic   S - Use expressions, idioms, and common social references in appropriate contexts.	X
2.30 LP3 - Socio-Linguistic   W - Produce expository texts and narrative texts using knowledge of culturally appropriate forms and styles.	X
2.31 LP1 - Discourse   S - Connect familiar phrases and simple sentences with "and" to express needs, feelings, and opinions.	X

2.32 LP1 - Discourse   W - Connect ideas in simple sentences using common conjunctions, common time markers and common sequence markers.	X
2.33 LP2 - Discourse   S - Connect ideas using common conjunctions, time markers, and sequence markers to share ideas, ask questions, describe and explain.	X
2.34 LP2 - Discourse   W - Connect ideas in a basic paragraph using common conjunctions, time markers and sequence markers.	X
2.35 LP3 - Discourse   S - Connect ideas using conjunctions and prepositional phrases to elaborate, describe, sequence and explain.	X
2.36 LP3 - Discourse   W - Connect ideas in a three-paragraph narrative and a three-paragraph descriptive composition using transition words and subordinate conjunctions.	X
2.37 LP1 - Pronunciation   S - Approximate English rhythm and intonation in familiar and rehearsed activities, although pronunciation errors may interfere with meaning.	X
2.38 LP2 - Pronunciation   S - Demonstrate comprehensible pronunciation and appropriate intonation in familiar and rehearsed activities, although pronunciation errors may still occur.	X
2.39 LP3 - Pronunciation   S - Demonstrate comprehensible pronunciation and appropriate intonation in unfamiliar and unrehearsed activities, with occasional errors.	X
2.40 LP1 - Editing   W - Edit sentences for capitalization of names and words at the beginning of sentences, periods and regular spelling of familiar words.	X
2.41 LP2 - Editing   W - Edit and revise paragraphs for regular spelling, end punctuation, commas in lists and addition of detail.	X
2.42 LP3 - Editing   W - Edit and revise expository and narrative texts for capitalization of proper nouns, apostrophes, quotation marks, hyphens, dashes and commas, regular and irregular spelling, spelling of homophones and homonyms and subject-verb agreement appropriate word choice addition of supporting details.	X

<b>3 Scientific Inquiry: What are the characteristics of scientific understanding?</b>	<b>15-5 25-5</b>
3.1 Engage in collaborative scientific inquiry to explain and apply scientific concepts. Possible linguistic functions: summarize and inform, justify and explain.	X X
3.2 Identify and demonstrate science safety rules including Workplace Hazardous Materials Information System WHMIS for school laboratories. Possible linguistic functions: summarize and inform.	X X
3.3 Ask questions. Possible linguistic functions: inquiry/seek information.	X X
3.4 Formulate a hypothesis. Possible linguistic functions: hypothesize.	X X
3.5 Identify controlled, manipulated and responding variables. Possible linguistic functions: seek information, summarize and inform, compare and contrast, classify.	X
3.6 Design an experiment and determine controlled, manipulated and responding variables. Possible linguistic functions: inquiry/seek information, analyze.	X
3.7 Investigate and test scientific principles and their applications, using models or appropriate tools, for example a microscope. Possible linguistic functions: inquiry, evaluate.	X X
3.8 Gather, organize and present experimental data, graphically, if applicable. Possible linguistic functions: seek information, summarize and inform.	X X
3.9 Analyze and assess experimental data and evaluate model design when appropriate. Possible linguistic functions: analyze, synthesize, evaluate.	X X
3.10 Draw conclusions based on experimental data and explain how evidence gathered support or refutes the initial hypothesis. Possible linguistic functions: summarize, synthesize, justify and persuade, infer.	X X
3.11 Reflect on scientific method and pose further questions. Possible linguistic functions: inquire, evaluate.	X X
3.12 Identify and debate multiple-perspectives on scientific issues using evidence. Possible linguistic functions: seek information, justify and persuade.	X

<b>4 Life Science: What are the characteristics of living things? How do living things adapt to changes over time?</b>	<b>15-5 25-5</b>
4.1 Describe the characteristics of living things. Possible linguistic functions: inform, classify.	X
4.2 Describe the basic structure and function of systems in animals, including human nervous, circulatory, respiratory, digestive systems. Possible linguistic functions: inform, compare and contrast, classify.	X
4.3 Describe lifestyle factors that contribute to good health. Possible linguistic functions: inform, compare and contrast.	X
4.4 Classify common plants and animals. Possible linguistic functions: summarize and inform, classify.	X
4.5 Investigate and describe the history of the cell theory. Possible linguistic functions: inquiry and seek information, sequence / order, summarize and inform.	X
4.6 Using a diagram, identify and describe the function of cell organelles. Possible linguistic functions: summarize and inform.	X
4.7 Compare and contrast plant and animal cells. Possible linguistic functions: compare and contrast.	X
4.8 Using the appropriate tool, apply laboratory skills to observe and record scientific observations (microscope, hand lens). Possible linguistic functions: summarize and inform.	X X
4.9 Using a microscope, identify visible cell organelles. Possible linguistic functions: summarize and inform, classify.	X
4.10 Compare and contrast passive transport, including osmosis and diffusion, and active transport, including carrier and channel proteins, in relation to semi-permeable membranes. Possible linguistic functions: compare and contrast.	X
4.11 Identify and describe the interactions of organisms, including humans, in an ecosystem, including food web, habitat characteristics, needs, adaptations. Possible linguistic functions: summarize and inform.	X
4.12 Explain seasonal change and animal and human adaptations to seasonal change. Possible linguistic functions: inform, compare and contrast, cause and effect.	X

4.13 Investigate and interpret diversity within species and among species with a focus on adaptations. Possible linguistic functions: inquiry, classify, analyze, synthesize, evaluate, cause and effect.	X

<b>5 Chemistry: What is matter? How does matter react when combined?</b>	<b>15-5 25-5</b>
5.1 Investigate and describe the history of the particle model of matter. Possible linguistic functions: inquire, inform.	X
5.2 Investigate and describe the properties of states of matter, including water, methanol, ethanol as solids, liquids and gases and associated changes of state. Possible linguistic functions: inquire, inform.	X
5.3 Describe the heating curve of water. Possible linguistic functions: seek info and inform.	X
5.4 Estimate and accurately measure, such as volume, mass, density, pH, temperature using the appropriate tool, including beakers, graduated cylinders, scales, litmus paper, thermometers. Possible linguistic functions: inform, predict.	X X
5.5 Explain concepts related to heat and heat transfer, including temperature scales Celsius and Kelvin, conduction, convection, radiation. Possible linguistic functions: inform, compare and contrast.	X
5.6 Explain physical and chemical properties in everyday materials. Possible linguistic functions: inform, compare and contrast.	X
5.7 Investigate and describe subatomic particles, including electrons, protons, neutrons. Possible linguistic functions: seek information, inform, compare and contrast.	X
5.8 Examine and evaluate patterns in the first 18 elements of the periodic table including nomenclature, atomic symbol, atomic mass, atomic number, ionic charge, chemical properties of groups and families. Possible linguistic functions: summarize and inform, classify.	X
5.9 Investigate nomenclature of elements and compounds and apply to classification of pure substances or mixtures. Possible linguistic functions: classify, analyze.	X

5.10 Investigate chemical nomenclature of compounds, both molecular and ionic. Possible linguistic functions: inform, compare and contrast, classify, analyze.	X
5.11 Investigate and describe the properties of acids and bases. Possible linguistic functions: inquire and seek info, inform, compare and contrast.	X
5.12 Investigate and describe chemical reactions to identify reactants and products in chemical or physical changes. Possible linguistic functions: inquire and seek information, inform, compare and contrast, cause and effect.	X
5.13 Investigate different types of chemical reactions, such as acid, base, endothermic, exothermic. Possible linguistic functions: inquire, inform, classify.	X
5.14 Represent chemical reactions with word equations and chemical formulas. Possible linguistic functions: sequence/order, problem solve.	X
5.15 Balance chemical reactions. Possible linguistic functions: sequence/order, problem solve.	X
5.16 Using the appropriate tool, apply laboratory skills to observe and record scientific observations, including beakers, graduated cylinders, spot plates. Possible linguistic functions: summarize and inform.	X X

<b>6 Physical Science: How does energy affect the movement of objects?</b>	<b>15-5 25-5</b>
6.1 Use appropriate scientific, SI, notation. Possible linguistic functions: classify, analyze.	X X
6.2 Identify, describe and interpret examples of mechanical, chemical, thermal, electrical and light energy. Possible linguistic functions: inform, classify, compare and contrast, analyze.	X
6.3 Describe the use, production and impact of common sources of renewable and non-renewable energy. Possible linguistic functions: summarize and inform, compare and contrast, analyze and evaluate, cause and effect.	X
6.4 Investigate and explain kinetic and potential energy. Possible linguistic functions: inquire and seek information, summarize and inform.	X X

6.5 Investigate and explain the electromagnetic radiation spectrum. Possible linguistic functions: inquire and seek information, summarize and inform.	X	X
6.6 Investigate and describe evidence of energy transfer and transformation. Possible linguistic functions: inquire and seek information, summarize and inform, compare and contrast.		X
6.7 Evaluate the efficiency of energy conversions. Possible linguistic functions: analyze, evaluate.		X
6.8 Explain common movement and forces, including friction, magnetism, structural stresses, gravity. Possible linguistic functions: inform, compare and contrast.		X
6.9 Compile and display evidence and information in a variety of formats, such as diagrams, flow charts, tables, graphs, scatterplots. Possible linguistic functions: analyze, synthesize.	X	X
6.10 Interpret patterns and trends in data. Possible linguistic functions: analyze, infer.	X	X

## Statement of Overlap with Existing Programs

#### Provincial Courses with Overlap and/or Similarity

Science 14

Science 10

#### Identified Overlap/Similarity

Some of the science-related learning outcomes in this course overlap slightly with Science 14 or Science 10 learning outcomes.

#### Reasoning as to Why LDC Is Necessary

Science 10 and Science 14 emphasize the study of concepts from a very specific scientific perspective mainly to native English speakers or LP4 or LP5 ELLs in order to focus on science education. The ESL Introduction to Science 15, 25 courses are necessary to allow LP1, LP2 and LP3 ELLs to learn foundational scientific concepts and skills while simultaneously learning English, in order to be successful in further high school science courses.

#### Locally Developed Courses with Overlap and/or Similarity

ESL Introduction to Canadian Studies 15, 25.

#### Identified Overlap/Similarity

The language learning outcomes in this course overlap with ESL Introduction to Canadian Studies 15, 25 because the language learning outcomes are based on the Alberta K-12 ESL Proficiency Benchmarks, which apply to both courses.

#### Reasoning as to Why LDC Is Necessary

The language skills, conceptual understandings and procedural knowledge acquired in ESL Introduction to Science 15, 25 bridge the gap for ELLs and form the foundation for success in future science courses. Once knowledge of scientific language, concepts and procedures have been established through these courses, students will be able to enter into Alberta Education Science programming. Students will continue to require differentiated instruction focused on academic language development in future science courses.

## **Student Assessment**

Ongoing language assessment in relation to the Alberta K-12 ESL Proficiency Benchmarks informs teaching and learning throughout this course.

Assessment practice shall be in accordance with Horizon School Division Policy HK: Student Assessment, Reporting and Evaluation.

## Course Description

Fire Rescue Services 15 provides students with an opportunity to develop an awareness of and experience the role of a firefighter. This course allows students to investigate potential careers in fire rescue services and qualifications for entry. Fire Rescue Services 15 also encourages students to develop general employability skills that will serve them well in any chosen profession. This course may help to prepare students interested in pursuing a fire rescue services career.

The facility should provide the physical resources to accommodate all the goals of the curriculum. These would include:

- Access to fire training facility
- Access to a facility with workout equipment

Specialized equipment is required for the delivery of this course, including but not limited to:

### Personal Protection Equipment

- Safety glasses
- Fire resistant coveralls
- Bunker gear
- Breathing apparatus
- Ventilation equipment

### Fire Suppression Equipment

- Portable fire extinguishers
- Hose, valves and nozzle components

### Simulation Props

### Rescue and Extraction Equipment

- Ladders

- Ropes

- Forcible entry tools There will be an optional field trip to a fire training facility run by Edmonton Fire Rescue to participate in a simulated fire situation, which may present some safety risks. A professional instructor with experience in training of fire cadets will be in charge of the activities at the fire training facility and will ensure that the simulations and activities are conducted in a safe manner. A teacher will also be on-hand to support the professional instructor.

## **Course Prerequisites**

No prerequisite for Fire Rescue Services 15

## **Sequence Introduction (formerly: Philosophy)**

Fire Rescue Services 15 provides students with the opportunity to develop many of the competencies and qualities outlined in the Ministerial Order on Student Learning (#001/2013). In particular, this locally developed course fosters communication, innovation, problem-solving and critical thinking through the examination of fire rescue techniques and equipment. Fire Rescue Services 15 encourages students to take risks in exploring how to learn through experience and collaborate with others to achieve success. This course is intended to build students' confidence and growth and to support their long-term goals and career aspirations.

## **Student Need (formerly: Rationale)**

Fire Rescue Services 15 provides students with an opportunity to learn about and experience the role of a firefighter. The emphasis of Fire Rescue Services 15 is on the development of fire rescue service skills. Through the outcomes of Fire Rescue Services 15, students are introduced to the dynamics of teamwork and collaboration. As well, students in this course are encouraged to explore their own identity and develop community-mindedness. This locally developed course also provides opportunities for students to investigate potential careers related to fire rescue services and develop general employability skills.

## **Scope and Sequence (formerly: Learner Outcomes)**

Essential Understanding 1: Investigating key competencies required of fire rescue personnel develops our personal skill set. (Guiding Questions 1, 2 and 3)

Essential Understanding 2: Developing movement competence, motivation, and confidence through purposeful engagement in physical activity fosters the development of physically literate citizens across a lifespan. (Guiding Question 4)

Essential Understanding 3: Investigating careers and examining employability skills helps to identify the steps necessary to achieve career goals. (Guiding Question 5)

## **Guiding Questions (formerly: General Outcomes)**

- 1 How can examining fire-related variables aid in understanding fire behaviour and combustion traits?**
- 2 How can examining fire rescue equipment help us to recognize some of the considerations in fire rescue situations?**
- 3 What are some important hazards to consider in emergency fire situations?**
- 4 How can fitness training improve performance in fire rescue situations?**
- 5 How can we make meaningful connections between our skill set and career opportunities?**

## Learning Outcomes (formerly: Specific Outcomes)

<b>1 How can examining fire-related variables aid in understanding fire behaviour and combustion traits?</b>	<b>15-3</b>
1.1 Students describe heat sources and heat transfer.	X
1.2 Students describe the principles of fire behaviour.	X
1.3 Students explain thermal layering of gases and identify products of combustion.	X
1.4 Students describe extinguishment theory.	X
1.5 Students describe classification of fires and identify appropriate extinguishment methods.	X

<b>2 How can examining fire rescue equipment help us to recognize some of the considerations in fire rescue situations?</b>	<b>15-3</b>
2.1 Students describe the portable extinguisher rating system, model selection and use.	X
2.2 Students model the use of a breathing apparatus, safety glasses and bunker gear.	X
2.3 Students compare rope materials, rope construction and rope uses.	X
2.4 Students compare line safety and utility rope.	X
2.5 Students tie knots for a variety of applications.	X
2.6 Students describe care, maintenance and proper storage of ropes.	X
2.7 Students apply rescue and extrication tools and equipment and solve problems.	X
2.8 Students describe water supply main valves and relay pumping.	X
2.9 Students describe and model the use of forcible entry tools.	X

2.10 Students explain ladder types, perform ladder raises and model ladder safety.	X
2.11 Students examine an aerial apparatus and describe the general procedures for its use.	X
2.12 Students describe hose construction and hose couplings.	X
2.13 Students explain causes and prevention of hose damage.	X

<b>3 What are some important hazards to consider in emergency fire situations?</b>	<b>15-3</b>
3.1 Students identify types of building construction and describe potential associated hazards.	X
3.2 Students describe firefighter hazards related to building construction.	X
3.3 Students analyze ventilation considerations.	X

<b>4 How can fitness training improve performance in fire rescue situations?</b>	<b>15-3</b>
4.1 Students practice a variety of strength and endurance activities.	X
4.2 Students perform a variety of fire rescue service simulation activities.	X

<b>5 How can we make meaningful connections between our skill set and career opportunities?</b>	<b>15-3</b>
5.1 Students describe fire rescue service career-specific skills that transfer into general employability skills.	X
5.2 Students examine specific fire rescue service careers and the qualifications necessary for them.	X
5.3 Students explain next steps in their own personal career pathway.	X
5.4 Students summarize evidence of skills for personal portfolio.	X

### Statement of Overlap with Existing Programs

**Course Name:** Fire Department Course 25

**Overlap Identified:** Learning Outcomes 1.1 through 1.5 deal with fire behavior, fire extinguishers use and apparatus, which does overlap with learning outcomes in Fire Rescue Services 15.

**Reasoning why LDC is necessary:** The Fire Department Course 25 is an intensive course being offered through the Lakeland College Emergency Training Centre and is intended to provide students with modules to complete in order to become a member of a volunteer rural fire department. Students in Fire Department Course 25 are also preparing for international certification for the NFPA 472 Dangerous Goods Awareness Level. This is beyond the intended scope of Fire Rescue Services 15 which provides students with an opportunity to get an overview of the role of the firefighter to determine if it may be a career which students would like to pursue.

**Course Name:** CALM

**Overlap Identified:** Learning Outcome 5.4 of Fire Rescue Services 15 does overlap with Outcome C2 of CALM.

**Reasoning why LDC is necessary:** Students in CALM are looking in general at skills; however, Outcome 5.4 in Fire Rescue Services 15 is focused on the evidence of skills that were developed through the Fire Rescue Services 15 course.

**Course Name:** Physical Education 10-20-30

**Overlap Identified:** Learning Outcome 4.1 of Fire Rescue Services 15 does overlap with A10-13/A20-13/A30-13 in the Physical Education program of studies.

**Reasoning why LDC is necessary:** The strength and endurance activities which are undertaken in Fire Rescue Services 15 are focused on training which would aid in fire rescue situations.

### Course Description

The Journalism courses provide students with the opportunity to explore, create, and reflect through journalistic media. In this course students evaluate the impact, responsibility and ethics of media in society, develop skills in creating texts for diverse audiences, collaborate to contribute and problem solve in the context of creating media texts, and learn by setting goals and reflecting throughout the production process.

### Course Prerequisites

15: prerequisite | none

25: prerequisite | 15

35: prerequisite | 25

## **Sequence Introduction (formerly: Philosophy)**

The journalism courses provide students with the opportunity to explore and create original texts for a public audience in a variety of journalistic media. In an increasingly interconnected world, our perceptions are shaped by access to information and the various mediums that enable public interaction through media. The landscape of contemporary journalism includes news, magazines, radio, television, and various Internet applications including social media.

## **Student Need (formerly: Rationale)**

Students will have opportunities to explore a variety of authentic roles in journalism to become ethical, artistic and creative communicators with an entrepreneurial spirit. Students uphold the principles of a democratic society through their journalistic contributions and support the growth of local and global communities. Students will create texts using tools and techniques of various media. Production plans require individual effort and team collaboration reflecting the realities of the journalism industry.

## **Scope and Sequence (formerly: Learner Outcomes)**

This course provides students with opportunities to develop projects of interest to them that are challenging, engaging, and relevant to the larger community and societal context. Students will develop and refine their abilities to use technology effectively to communicate with diverse public audiences through multiple media channels.

This locally developed course provides rich opportunities for students to develop and refine the learner competencies of being engaged thinkers and ethical citizens as outlined in the Ministerial Order on Student Learning (Alberta Education).

## **Guiding Questions (formerly: General Outcomes)**

- 1 How can the evaluation of the impact, responsibility and ethics of media in society support students in communicating their ideas?**
- 2 How can the creation of media texts for various audiences develop an understanding and appreciation for the publishing process?**
- 3 How can collaborating, problem solving and contributing develop the skills needed to contribute to the creation of effective media texts?**
- 4 How can analyzing, reflecting and setting goals during the production and post-production process develop a strong final product and build communication skills?**

### Course Description

Portfolio Art 35 is for students who are serious about their intentions to continue their studies of Art at a post-secondary level. There are three major areas on which students need to focus in the Portfolio Art 35 course. These areas reflect the expectations placed upon students for the evaluation and acceptance of a portfolio used for admittance into a post-secondary art institution. Portfolio Art 35 will address the following three major areas: investigative skills, technical skills, and the demonstration of creative skills.

### Course Prerequisites

## Sequence Introduction (formerly: Philosophy)

Through their Art students will increase their competencies in skill and knowledge of Art and develop the personal resources to think critically and creatively about their artistic process and products. Art is a reflection of the artist and the society within which the artist lives. All instruction, concepts covered, and art works produced will be done with an understanding of dignity and respect, honesty, loyalty, fairness, personal and communal growth. Through the development of their personal portfolio students will learn the value of their skills as well as research various field of artistic enterprise to determine their own future as an artist.

## **Student Need (formerly: Rationale)**

A part of the qualifications necessary for students to gain acceptance into most post-secondary programs is the submission of a portfolio of their personal artwork. Portfolio Art 35 offers students the opportunity to create such a portfolio under the individual guidance of their Art teacher. Within the usual Art 30 program, there is not the freedom to explore the personal artistic direction required of a successful portfolio submission. Portfolio pieces may also be used for course credit through the Advanced Placement Program and International Baccalaureate Programme.

## **Scope and Sequence (formerly: Learner Outcomes)**

Portfolio Art students will develop their artistic style and submission portfolio through a variety of themes including:

- Investigative Skills: Investigation and research into their personal artistic goals and requirements for post-secondary institutions
  
- Technical Skills: the selection, mounting, framing, assembling and displaying of their art portfolios
  
- Creative Skills: the demonstration of artistic maturity in three key areas: Quality of the total work; Focus of intent; Scope of work presented
  
- 
  
- Literacy Skills: the construction and communication of meaning through their art

## **Guiding Questions (formerly: General Outcomes)**

- 1 Students will investigate and research post-secondary institutions offering art related careers that will advance their personal and career goals.**
- 2 Students will learn to think critically and creatively as they physically select, assemble and prepare their portfolio for submission.**
- 3 Students will develop artistic maturity in the quality, focus, and scope of their art pieces in order to communicate their artistic vision through their portfolio submission.**
- 4 Students will develop an understanding and application of critical assessment of their artistic work in order to achieve excellence and build confidence while they mature in their artistic style.**

## Learning Outcomes (formerly: Specific Outcomes)

<b>1 Students will investigate and research post-secondary institutions offering art related careers that will advance their personal and career goals.</b>	35-3 35-5
1.1 The student will develop the ability to critically choose and investigate the academic and portfolio requirements for one or more post-secondary institutions.	X X
1.2 The student will develop the ability to identify career opportunities available to them after successful completion of a post-secondary art program.	X X
<b>2 Students will learn to think critically and creatively as they physically select, assemble and prepare their portfolio for submission.</b>	35-3 35-5
2.1 The student will learn the technology tools and skills necessary to electronically scan and archive personal art work	X X
2.2 The student will develop the technological ability to manipulate electronically scanned images in order to maintain the integrity of the original.	X X
2.3 The students will demonstrate experimentation in approach with various media and not simply a variety of media used to create visual imagery	X X
<b>3 Students will develop artistic maturity in the quality, focus, and scope of their art pieces in order to communicate their artistic vision through their portfolio submission.</b>	35-3 35-5
3.1 The student will focus their artistic style by developing the skills and understanding to explore a single element of artistic concern by producing a series of related works of art depicting an idea, theme or artistic concept visually.	X X

3.2 The student will explore the scope of their artistic style through understanding that a single visual image can give a totally different visual impression when depicted with different media, artistic styles or movements.	X X
3.3 The student will demonstrate understanding of the quality of the total work of art that comprises a portfolio to demonstrate the positive creative aspects of each piece	X X

<b>4 Students will develop an understanding and application of critical assessment of their artistic work in order to achieve excellence and build confidence while they mature in their artistic style.</b>	35-3 35-5
4.1 The student will demonstrate understanding of the quality of the total work of art that comprises a portfolio to demonstrate the realization of the artist's intentions .	X X
4.2 The student will identify personal strengths in their artistic style and evaluate these strengths to best demonstrate their maturity and technical skill in creating their portfolio.	X X

## Facilities or Equipment

### Facility

Portfolio Art 35 can be taught in any senior high Art classroom/facility.

Facilities:

## **Equipment**

The equipment provided for a standard senior high Art class will meet the needs for Portfolio Art 35. It is understood that if the areas of technical investigation of a particular student involve materials not available to the student through the school, the student will be responsible for supplying such materials.

## **Learning and Teaching Resources**

An Appendix for Portfolio Art 35, with content and assessment suggestions, is attached.

## **Sensitive or Controversial Content**

No controversial or sensitive issues are anticipated for Portfolio Art 35. The teacher will select sources culturally appropriate to a Low German Mennonite context as applicable.

## **Issue Management Strategy**

## **Health and Safety**

Materials used in Portfolio Art 35 and the working environment of the student will comply with classroom standards set by WHMIS and required for all senior high Art courses. Edmonton Catholic School District's Safety policy and regulations are attached in the Assessments section.

## **Risk Management Strategy**

## **Statement of Overlap with Existing Programs**

Although many of the skills taught in the Art 10, 20 and 30 programs can be used by the student in Portfolio Art 35 to complete works used for the course, it is the focus on the investigation of goals, execution and refinement of skills, development of style and concentration of application of theory that make this course different. Continuation of studies in Art and the standards, requirements and skills that are necessary to facilitate this are not part of the provincial programs. Skills necessary for the student to develop in order to gain acceptance into post-secondary studies of art is the prime focus of Portfolio Art 35.

## **Student Assessment**

Portfolio Art is a project-based course and not a written-examination based course. Students will complete projects as required for the post-secondary institution(s) they choose and/or as suggested in the Appendix.

The performance of the student and the evaluation of a student's work is in no way an indicator of the success a student may receive on a portfolio being submitted to a post-secondary institution.

### Course Description

Christian Studies 15, 25, 35 is designed for both Christian and non-Christian students. It provides students with opportunities to explore various aspects of Christianity in a way that encourages them to be critical thinkers about religion and the development of their own personal faith. These courses also provide students with opportunities to study Christianity and other religious perspectives including theology, ethics and lifestyle. Christian Studies 15, 25, 35 meets the required 20 per cent course content addressing a comparative study of other major religions.

Notification must be provided to parents, as per Section 50.1 of the School Act. As outlined in the *Guide to Education*, page 93, "Section 50.1 of the School Act requires boards (including charter schools) and private schools to provide parents with notice where courses of study, educational programs or instructional materials, or instruction exercises, include subject matter that deals primarily and explicitly with religion..."

### Course Prerequisites

No prerequisites. Courses contain discrete content at each level.

## Sequence Introduction (formerly: Philosophy)

Christian Studies 15, 25, 35 is designed for both Christian and non-Christian students. The premise of Christian Studies 15, 25, 35 is that personal faith impacts every aspect of life. Christian Studies 15, 25, 35 encourages the expression of differing views and interpretations based on faith, and is intended to foster sensitivity toward and valuing of different faiths. As required by Alberta Education, Christian Studies 15, 25, 35 includes 20 percent course content addressing a comparative study of other major world religions such as Islam, Judaism or Buddhism.

Christian Studies 15, 25, 35 provides students with the opportunity to develop many of the competencies and qualities outlined in the *Ministerial Order on Student Learning* (#001/2013). In particular, the competencies of critical thinking, collaboration, communication, and personal growth are fostered as students examine social issues and community needs, express their own beliefs and values, and gain an understanding and appreciation of the beliefs and values of others. In Christian Studies 15, 25, 35, students are encouraged to respect and have compassion for all people, which fosters global and cultural understanding and emphasizes the importance of personal spiritual wellness.

## Student Need (formerly: Rationale)

Christian Studies 15, 25, 35 provides students with opportunities to explore Christianity in an academic setting. In Christian Studies 15, 25, 35, students explore various aspects of Christianity in a way that encourages them to be critical thinkers about religion and the development of their own personal faith. Learning outcomes in this course enable students to identify key themes of Christianity and a number of other world religions, and consider how these themes impact decision-making for people of those faiths. Christian Studies 15, 25, 35 is intended to provide students with opportunities to develop an understanding and appreciation for the role of faith in shaping moral values and ethical decision-making. Throughout Christian Studies 15, 25, 35, students consider various viewpoints on social issues and faith-based value systems, and by doing so, develop their own worldview and gain a better understanding of what it means to live in a pluralistic, multi-faith society.

## Statement of Overlap with Existing Programs

**Course Name:** Introduction to Christian Faith and Living 15

**Identified Overlap:** Introduction to Christian Faith and Living 15 contains outcomes focused on a comparative study of other world religions, as does Christian Studies 15-25-35. As well, both of these courses do have a Christian focus.

**Reasoning why LDC is necessary:** Introduction to Christian Faith and Living 15 focuses on Baptist doctrines and is a denominational curriculum, which Christian Studies 15-25-35 is not.

**Course Name:** Religions of the World 35

**Identified Overlap:** Religions of the World 35 contains outcomes focused on a comparative study of other world religions, as does Christian Studies 15-25-35.

**Reasoning why LDC is necessary:** Religions of the World 35 approaches the practices of other religions from the perspective of “one who is a faithful member of the Catholic Church” which is not the intent of Christian Studies 15-25-35.

**Course Name:** Religious Meanings 20

**Identified Overlap:** Religions of the World 35 contains the outcome “Faith must manifest itself through action.” This does overlap with Learning Outcomes 5.1 and 5.2 in Christian Studies 15-25-35.

**Reasoning why LDC is necessary:** Outcomes 5.1 and 5.2 in Christian Studies 15-25-35 is focused on the issue of faith-based servant leadership, which is not focus of Religious Meanings 20.

**Course Name:** World Religions 30

**Identified Overlap:** World Religions 30 contains outcomes focused on examining other major world religions, as does Christian Studies 15-25-35.

**Reasoning why LDC is necessary:** All LDCs must contain 20 percent course content focused on a comparative study of other world religions. In Christian Studies 15-25-35, world religions are studied in comparison to Christianity, which is not the case for World Religions 30.

## **Philosophy**

The Christian faith is built on the Holy Bible. These Holy Scriptures provide guidelines for living a full Christ-centered life which includes building relationships based on humility, fairness, and open-mindedness. Christians are therefore obliged to study the Holy Bible in order to get a firm foundation of their faith. Christian schools should provide opportunities for students to learn about their Scriptures.

In addition to a strong faith, students should be encouraged to develop critical thinking skills, create new opportunities and develop desirable personal characteristics.

An individual's worldview affects his or her thoughts, decisions and actions. Certain basic assumptions are made about the origin of life, purpose of life, and future of life after death.

A comprehensive knowledge of the Christian worldview and that of other major religions will provide a strong basis for students to live and practise their Christian faith.

At the same time, it is important for students to be respectful of other faiths including their beliefs, customs and practices, literature and traditions.

## **Rationale**

Students in Christian schools need to have a good foundation in their faith and be able to compare that understanding to other religions.

These courses will encourage in-depth critical thinking throughout the various lessons.

The content of the course will be addressed in such a way that students show desirable personal characteristics consistent with Christian teaching.

# Learner Outcomes

Religious Studies 15: Old Testament Survey, seeks to develop a general knowledge of the 39 books of the Old Testament with a focus on understanding how the Old Testament relates to the coming of the Messiah. This course will seek to build respect and tolerance for other faiths by a detailed study of Jewish faith and culture. This course will improve student's literacy skills in that it teaches the tools to properly decode various sacred genre's (Narrative, Poetic, Prophetic, Apocalyptic, Historical). Students will improve numeracy skills by timelining historical events in Israel's history.

## General Outcomes

- 1 After completing Religious Studies 15, students will demonstrate a good understanding of the history within the Old Testament and demonstrate a general knowledge of the 39 books of the Old Testament. Religious Studies 15 will seek to build respect and tolerance for other faiths by a detailed study of Jewish faith and culture.**
- 2 After completing Religious Studies 25, students will demonstrate a good understanding of the teachings within the New Testament and demonstrate a general knowledge of the 27 books of the New Testament. Religious Studies 25 will seek to build respect and tolerance for other faiths by a detailed study of Hindu faith and culture.**
- 3 After completing Religious Studies 35, students will demonstrate a comprehensive understanding of the Christian worldview as it compares to other religious worldviews. They will be able to compare and contrast the Christian worldview with that of Islam, Judaism, and Hinduism.**

## Others

### Identification of Controversial or Sensitive Course Com|

The content of this course may be controversial in nature. The instructor will approach all topics in a sensitive manner and will encourage critical thinking and questioning by students. Students will be taught to listen and respond to one another in a respectful and open manner.

## Identification of Safety Components

The course will take place within a classroom in the offering school, so off-campus safety measures are not necessary. The instructor will follow the safety measures outlined in the offering school and Horizon School Division policy manual.

## Significant Overlap with Provincial Curriculum

The current provincially approved religious studies courses do not teach worldviews. There are no other provincially approved courses that meet the above general and specific learner expectations.

## Assessment

**Knowledge:** Students will be required to compare Christian philosophy with other worldviews.

- **Skills:** Students will be asked to demonstrate skills in analyzing the connections between the various worldviews; critical thinking in assignments and the final report; good communication through written assignments and class discussions.
- **Attitudes:** Students will be required to demonstrate Christ-like attitudes in their relationship with God's creation, including their interaction with people of other faiths.

The final mark for the course will be based on:

- Assignments on the various worldviews
- Quizzes to determine knowledge of the Christian worldview
- Discussions with other students on topics regarding worldviews
- Report on a comparison of the Christian worldview with other worldviews: Islam.
- At least 20% of the course will examine other worldviews: Islam.
- Mid-term and final exams

## Course Evaluation and Monitoring

The teacher delivering the course will be responsible for assessment and evaluation of the content. The school principal will oversee teacher delivery and evaluation reporting, and the Associate Superintendent of Curriculum and Instruction will monitor the appropriate implementation of the course.

### Course Description

**Religious Studies DC35A: The Doctrine and Covenants is a “faith-based” locally developed course for the study of The Doctrine and Covenants, which is one volume in the Scriptural Canon of The Church of Jesus Christ of Latter-day Saints.**

The course has been developed in full cooperation with the Church Educational System (CES) of The Church of Jesus Christ of Latter-day Saints and is offered as two separate 3-credit courses to be taken over the course of a calendar year. This locally developed course is based upon specific religious teaching and doctrine of The Church of Jesus Christ of Latter-day Saints as related to and found in The Doctrine and Covenants and will also include a study of the early history of The Church of Jesus Christ of Latter-day Saints from 1820 through to the present day. Additionally, students will learn basic principles underlying the doctrines and historical perspectives of other world religions to encourage an appreciation and respect for the diversity of religious beliefs and values.

The two 3-credit courses (DC35A and DC15B) as well as three other faith-based courses are designed to examine the scriptural canon of The Church of Jesus Christ of Latter-day Saints. Students will study The Doctrine and Covenants by completing two three-credit courses to be offered in a calendar year, starting in the spring semester with this course, Doctrine and Covenants: Part A (DC35A: Early Church History and Sections 1-87) and then continuing in the fall semester of the next school year with Part B (DC15B: Sections 88-138).

As a locally-developed religious studies course, notification will be provided to parents regarding the course of study, educational programs or instructional materials, or instruction or exercises that include subject matter that deals primarily and explicitly with religion. (Alberta School Act, Section 50.1).

## **Course Prerequisites**

No prerequisites due to discrete content for each Religious Studies course.

## **Sequence Introduction (formerly: Philosophy)**

This locally developed faith-based religious studies course is proposed because it reflects the values and beliefs of the parents, families, and communities in which the students live. Parents want their children to take these courses because they instill high standards, good morals, and strong values in the minds and ensuing behaviors of their children. As students understand the principles taught in scripture, they begin to be more tolerant, accepting and to understand and have compassion for other people who may be different from them. There is developed within each student a comprehension of ‘who they are’, and ‘the purpose of life’ and to inspire them to show their love of God by how they treat others. This knowledge allows them to appreciate the worth of an individual and builds within each of them increasing self-confidence, understanding, tolerance and compassion. The scriptures teach the values of kindness, hard work, generosity, charity, integrity, morality, and fidelity. They also teach students how to deal with challenges and personal problems, how to maintain physical, mental, social, emotional and spiritual health, and many other valuable lessons and character traits. Through an in-depth study of the teachings found in scripture, students will have the opportunity to see the consequences of conflict and opposition. Students will use knowledge, skills, and attitudes to determine how they might make better choices in a similar situation. Throughout each of the courses, students will be encouraged to critically think, reason, and ask questions about how scriptural teachings might relate to their own life, the lives of others, their community, the nation, and the world. Similar to the Alberta social studies curriculum, a major goal of these courses will be to encourage students to become responsible citizens. Through the development of scriptural understanding, students gain increasing confidence and are expected to set goals for improvement in all aspects of their life. Students are encouraged to help create an atmosphere of kindness and love in their home and family life. They are to set educational goals to always be lifelong learners.

## **Student Need (formerly: Rationale)**

Students who are members of The Church of Jesus Christ of Latter-day Saints may, upon graduation from high school, choose to attend LDS Church-owned institutions of higher learning located in the United States (*ie. BYU-Provo, BYU-Idaho and BYU-Hawaii*). One of the requirements for admission to each of these fully accredited private universities is the completion of the four-year Church Seminary Program which is aligned with and covers the scriptural canon of The Church of Jesus Christ of Latter-day Saints and meets these admission requirements. These locally developed courses have been structured to cover the content of the approved seminary curriculum of The Church of Jesus Christ of Latter-day Saints, as well as meeting all requirements set forth by Alberta Education (*i.e., that an emphasis of 20% of content of each Religious Studies course focus on the unbiased, comparative study of other world religions*). There are no current provincial programs of study that can be used to meet the local needs of students to meet admission requirements to these Church-owned universities.

## Scope and Sequence (formerly: Learner Outcomes)

The main objective of this locally developed religious studies course is to positively impact the lives of students and to create within them the desire to pattern their lives after Jesus Christ as they study **DC35A: The Doctrine and Covenants**, including **Sections 1 through 87**. The teachings of Jesus Christ are the foundation upon which the course is based, and students will learn how to apply these teachings as they closely examine church history and the evolution of church doctrine.

A secondary general objective is to help students understand that faith must manifest itself through action. In compliance with the guidelines established by Alberta Education, eighty percent of instruction will be spent on the specific religious teachings of the Church of Jesus Christ of Latter-day Saints (the Church) utilizing scripture, teacher lesson guides and student study manuals prepared by the LDS Church curriculum department. The remaining twenty percent of instruction will focus upon other major religions of the world. These units will be taught in an objective, unbiased, non-comparative manner, with the prime purpose being to promote understanding and tolerance. They will not foster doctrines of racial or ethnic superiority, religious intolerance or persecution, social change through violent action or disobedience of laws. Students will learn the basic principles underlying the doctrines and historical background of other world religions. This will encourage students to appreciate, honor, and respect the diversity of beliefs and values in our global community.

## **Guiding Questions (formerly: General Outcomes)**

- 1 Students will analyze scriptural examples that illustrate a devotion to God and draw parallels with beliefs and religious observances they experience.**
- 2 Students will identify and describe the historical circumstances relative to the revelations contained in the Doctrine and Covenants.**
- 3 Students will compare and contrast selected teachings from the Doctrine and Covenants with teachings of the prophets of the Old Testament and The Book of Mormon: Another Testament of Jesus Christ.**
- 4 Students will express understanding of how time and historical context enrich the meaning and interpretation of scriptural texts.**
- 5 Students will discuss teachings and cultural traditions of three of the major world religions: Buddhism, Judaism, and Islam.**
- 6 Students will recognize and explain the relationship of God and his association with man, the world, and all of his creations as expressed in the Doctrine and Covenants.**
- 7 Students will develop process skills - skills that help one acquire, evaluate and use information and ideas. These skills include searching, organizing, interpreting, analyzing, synthesizing, evaluating and applying.**
- 8 Students will develop communication skills - skills that help one express and present information, ideas and testimony. These skills include oral, visual, written and dramatic expression.**
- 9 Students will develop participation skills - skills that help one interact with others. These skills include working effectively, individually and cooperatively in large and small group situations.**
- 10 Students will communicate a determination to reach their personal academic potential and commit to live a Christ-like life through service to individuals, their community and their country.**
- 11 Students will demonstrate attitudes of respect, tolerance, appreciation, and understanding toward the rights of others to their own religious affiliation.**

### Course Description

**Religious Studies NT35A: The New Testament is a “faith-based” locally developed course for the study of the King James Version of The New Testament.**

The course has been developed in full cooperation with the Church Educational System (CES) of The Church of Jesus Christ of Latter-day Saints and is offered as two (3-credit) courses without prerequisite requirements. This locally developed course is based upon specific religious teaching and doctrine of The Church of Jesus Christ of Latter-day Saints as related to and found in the King James Bible (New Testament). Students will also learn basic principles underlying the doctrines and historical perspectives of other world religions to encourage an appreciation and respect for the diversity of religious beliefs and values. There are two 3-credit courses for the study of The New Testament (NT35A and NT25B) as well as three other faith-based religious studies series structured to study the complete scriptural canon of The Church of Jesus Christ of Latter-day Saints over the course of four years. These courses will be offered in a calendar year with part A being offered in the Spring semester and then part B in the Fall semester of the next school year.

Students will have the opportunity to study this course **The New Testament: Part A (NT35A: Matthew through Acts) in the spring semester and then have the opportunity to take Part B (NT25B: Romans through Revelations) in the fall semester of the following school year.**

As a locally-developed religious studies course, notification will be provided to parents regarding the course of study, educational programs or instructional materials, or instruction or exercises that include subject matter that deals primarily and explicitly with religion. (Section 50.1 of the School Act).

## **Course Prerequisites**

No prerequisites due to discrete content for each Religious Studies course.

## **Sequence Introduction (formerly: Philosophy)**

This locally developed faith-based religious studies course is proposed because it reflects the values and beliefs of the parents, families, and communities in which the students live. Parents want their children to take these courses because they instill high standards, good morals, and strong values in the minds, developing attitudes of acceptance, tolerance, understanding and ensuing behaviors of their children. As students understand the principles taught in the scriptures, they begin to be more tolerant, accepting and to understand and have compassion for other people who may be different from them. There is developed within each student a comprehension of ‘who they are’, and ‘the purpose of life’ and to inspire them to show their love of God by how they treat others. This knowledge allows them to appreciate the worth of an individual and builds within each of them increasing self-confidence, understanding, tolerance and compassion. The scriptures teach the values of kindness, hard work, generosity, charity, integrity, morality, and fidelity. They also teach students how to deal with challenges and personal problems, how to maintain physical, mental, social, emotional and spiritual health, and many other valuable lessons and character traits. Through an in-depth study of the teachings found in scripture, students will have the opportunity to see the consequences of conflict and opposition. Students will use knowledge, skills, and attitudes to determine how they might make better choices in a similar situation.

Throughout each of the courses, students will be encouraged to critically think, reason, and ask questions about how scriptural teachings might relate to their own life, the lives of others, their community, the nation, and the world. Similar to the Alberta social studies curriculum, a major goal of these courses will be to encourage students to become responsible citizens. Through the development of scriptural understanding, students gain increasing confidence and are expected to set goals for improvement in all aspects of their life. Students are encouraged to help create an atmosphere of kindness and love in their home and family life. They are to set educational goals to always be lifelong learners.

## Student Need (formerly: Rationale)

Students who are members of The Church of Jesus Christ of Latter-day Saints may, upon graduation from high school, choose to attend Church-owned institutions of higher learning, located in the United States (*ie. BYU-Provo, BYU-Idaho and BYU-Hawaii*). One of the requirements for admission to each of these fully accredited private universities is the successful completion the “seminary” program administered through the church educational system. Our locally developed courses are structured to align with and to cover the required content of the approved seminary curriculum of The Church of Jesus Christ of Latter-day Saints, as well as meeting the requirements prescribed by Alberta Education (*i.e., that an emphasis of 20% of content of each Religious Studies course focus on the unbiased, comparative study of other world religions*). There are no other provincial programs of study that provide students with this admission requirement for these Church-owned universities.

## Scope and Sequence (formerly: Learner Outcomes)

The main objective of this locally developed religious studies course is to positively impact the lives of students and to create within them the desire to pattern their lives after Jesus Christ as they **study NT35A: The New Testament** including the **book of Matthew through the Acts of the Apostles**. The teachings and accounts of Jesus are the foundation upon which the course is built.

A secondary general objective is to help students understand that faith must manifest itself through personal attitudes and action. In compliance with the guidelines established by Alberta Education, eighty percent of instruction will be spent on the specific religious teachings of the Church of Jesus Christ of Latter-day Saints (the Church) using the above listed scripture volumes, teacher lesson guides and student study manuals as prepared by the Church curriculum department. The remaining twenty percent of instruction will focus upon other major religions of the world. These units will be taught in an objective, unbiased, non-comparative manner, with the prime purpose being to promote understanding and tolerance. They will not foster doctrines of racial or ethnic superiority, religious intolerance or persecution, social change through violent action or disobedience of laws. Students will learn the basic principles underlying the doctrines and historical background of other world religions. This will allow students to appreciate, honor, and respect the diversity of beliefs and values in our global community.

## **Guiding Questions (formerly: General Outcomes)**

- 1 Students will analyze scriptural examples that illustrate a devotion to God and draw parallels with beliefs and religious observances they experience.**
- 2 Students will identify and describe commandments and religious rites found in the New Testament text.**
- 3 Students will compare and contrast selected New Testament teachings with teachings of modern-day prophets. Texts will be examined for evidence of a) Messages of peace and goodwill, and b) Teachings related to the ministry of Jesus Christ and His disciples/apostles.**
- 4 Students will discuss the "nature of God" as articulated in the New Testament, providing evidence from the Biblical text.**
- 5 Students will demonstrate an understanding of how time and culture enrich the meaning and interpretation of Biblical texts.**
- 6 Students will examine teachings and cultural traditions of three of the major world religions: mainstream Christianity, Judaism, and Islam.**
- 7 Students will recognize and explain the relationship of God and his association with man, the world, and all of his creations as expressed in the New Testament.**
- 8 Students will demonstrate process skills - skills that help one acquire, evaluate and use information and ideas. These skills include searching, organizing, interpreting, analyzing, synthesizing, evaluating and applying.**
- 9 Students will demonstrate communication skills - skills that help one express and present information, ideas and testimony. These skills include oral, visual, written and dramatic expression.**
- 10 Students will demonstrate participation skills - skills that help one interact with others. These skills include working effectively, individually and cooperatively in large and small group situations.**
- 11 Students will communicate a personal determination to reach their academic potential and commit to live a Christ-like life through service to individuals, their community and their country.**
- 12 Students will demonstrate attitudes of respect, tolerance, appreciation, and understanding toward the rights of others to their own religious affiliation.**

### Course Description

**Religious Studies BM25A: The Book of Mormon is a “faith-based” locally developed course for the study of The Book of Mormon: Another Testament of Jesus Christ.**

This course has been developed in cooperation with the Church Educational System (CES) of The Church of Jesus Christ of Latter-day Saints (LDS Church) based upon specific religious teachings and doctrines of The Church of Jesus Christ of Latter-day Saints as related to and found in The Book of Mormon: Another Testament of Jesus Christ. Students will learn basic principles underlying the basic doctrines of the LDS Church as well as doctrines and historical perspectives of other major world religions that will encourage attitudes of tolerance, understanding, appreciation and respect for the diversity of religious beliefs and values.

The Book of Mormon Part A and Part B will be offered in a given calendar year with part A being offered in the Spring Semester and then part B in the Fall semester of the next school year. This course (BM25A) will be offered in the Spring Semester and will focus on the first half of The Book of Mormon, beginning with The Book of First Nephi and ending with The Book of Mosiah. Students will then have the opportunity to complete their study of The Book of Mormon by taking Part B (BM35B) in the Fall Semester of the next school year.

As a locally-developed religious studies course, notification will be provided to parents regarding the course of study, educational programs or instructional materials, or instruction or exercises that include subject matter that deals primarily and explicitly with religion. (Section 50.1 of the School Act).

## **Course Prerequisites**

No prerequisites due to discrete content for each Religious Studies course.

## Sequence Introduction (formerly: Philosophy)

This locally developed religious course supports the mission statement of Westwind School Division No.74, as outlined in its 3-Year Combined Education Plan and AERR, by responding to the needs of our students and developing a commitment for life-long learning.

This locally developed faith-based religious studies course reflects the values and beliefs of the parents, families, and communities in which the students live. Parents want their children to take these courses because they instill high standards, good morals, and strong values in the minds, developing attitudes of acceptance, tolerance, understanding and ensuing behaviors of their children.

The majority of people in each of the communities served by Westwind School Division #74 value the teachings found in the scriptures. As students understand the principles taught in the scriptures, they begin to be more tolerant, accepting and to understand and have compassion for other people who may be different from them. There is developed within each student a comprehension of 'who they are', and 'the purpose of life' and to inspire them to show their love of God by how they treat others. This knowledge allows them to appreciate the worth of an individual and builds within each of them increasing self-confidence, understanding, tolerance and compassion.

The scriptures teach the values of kindness, hard work, generosity, charity, integrity, morality, and fidelity. They also teach students how to deal with challenges and personal problems, how to maintain physical, mental, social, emotional and spiritual health, and many other valuable lessons and character traits.

Through an in-depth study of the teachings found in scripture, students will have the opportunity to see the consequences of conflict and opposition. Students will use knowledge, skills, and attitudes to determine how they might make better choices in a similar situation.

Throughout each of the courses, students will be encouraged to critically think, reason, and ask questions about how scriptural teachings might relate to their own life, the lives of others, their community, the nation, and the world.

Similar to the Alberta social studies curriculum, a major goal of these courses will be to encourage students to become responsible citizens. Through the development of scriptural understanding, students gain increasing confidence and are expected to set goals for improvement in all aspects of their life. Students are encouraged to help create an atmosphere of kindness and love in their home and family life. They are to set educational goals to always be lifelong learners.

It is important that students take their training beyond high school. All students are strongly encouraged to vigorously pursue post secondary education or training in the trades.

## **Student Need (formerly: Rationale)**

The majority of students in Westwind School Division #74 are members of The Church of Jesus Christ of Latter-day Saints. Upon graduation from high school, many of these students choose to attend Church-owned institutions of higher learning, located in the United States (*ie. Brigham Young University (BYU)-Provo, BYU-Idaho and BYU-Hawaii*). There are no current provincial programs of study that can be used to meet the local needs of students to meet admission requirements to these Church-owned universities.

## **Scope and Sequence (formerly: Learner Outcomes)**

The main objective of this locally developed religious studies course is to positively impact the lives of students and to create within them the desire to pattern their lives after Jesus Christ, as they study The Book of Mormon: Another Testament of Jesus Christ from the book of First Nephi through the book of Mosiah. The teachings and accounts of Jesus are the foundation upon which the course is built and students will study His teachings as taught by prophets and apostles both past and present.

A secondary objective is to help students understand that faith must manifest itself through personal attitudes of tolerance, understanding and love and actions that demonstrate these attitudes. In compliance with the guidelines established by Alberta Education, eighty percent of instruction will be spent on the specific religious teachings of the Church of Jesus Christ of Latter-day Saints (the Church) and the remaining twenty percent of instruction to focus upon other major world religions. These units will be taught in an objective, unbiased, non-judgmental manner, with the prime purpose being to promote understanding and tolerance allowing students to understand, value, appreciate, and respect the diversity of beliefs and values in our global community.

## Statement of Overlap with Existing Programs

The content of the “Religious Studies BM25A:The Book of Mormon: Another Testament of Jesus Christ” course is definitely different from any course currently offered by Alberta Education. The nature and content of this course has been designed to meet locally-identified needs of our communities with significant numbers of LDS students.

## Student Assessment

With regard to student assessment, we echo the program of studies for high school Social Studies which states that within the curriculum materials, is the process of collecting, processing, interpreting and judging program objectives, teaching strategies, student achievement and instructional resources. Assessment is important during all phases of planning and learning. It should begin with an assessment of student needs, and include consideration of ways that basic resources and support materials can be used to maximize learning. Ongoing formative evaluation helps the teacher to determine how well students are achieving prescribed objectives and permits the planning of specific learning strategies and experiences. The teacher must assess the degree of overall success each student has in meeting learning outcomes for the course.

Basic expectations may include, but are not limited to the following:

1. Tests & Quizzes
2. Assignments and Projects
3. Portfolio/Journal /Reading Log

Assignments and assessment instruments will define the depth of work and thought expected, as reflected in the specific course outcomes. Teachers are encouraged to involve students in setting standards of expectation by co-creating fair grade-specific rubrics with them.

Assessment practice must align with Horizon School Division Policy HK: Student Assessment, Reporting and Evaluation.

### Course Description

**Religious Studies - The Old Testament: Part A (OT15A: Genesis through 2 Samuel) is a “faith-based” locally developed course for the study of the first half of the King James Version of the Old Testament.**

The course has been developed in full cooperation with the Church Educational System (CES) of The Church of Jesus Christ of Latter-day Saints and is offered as two (3-credit) courses without prerequisite requirements. This locally developed course is based upon specific religious teaching and doctrine of The Church of Jesus Christ of Latter-day Saints as related to and found in the King James Bible (New Testament). Students will also learn basic principles underlying the doctrines and historical perspectives of other world religions to encourage an appreciation and respect for the diversity of religious beliefs and values. The two 3-credit courses for the study of The Old Testament (OT15A and OT35B), as well as three other faith-based religious studies series are designed to examine the complete scriptural canon of The Church of Jesus Christ of Latter-day Saints over the course of four years will be offered to students over the course of a calendar year. Students will study **The Old Testament: Part A (OT15A: Genesis through 2 Samuel) in the Spring Semester and then have the opportunity to take Part B (OT35B: 1 Kings through Malachi) in the Fall Semester of the following school year.**

As a locally-developed religious studies course, notification will be provided to parents regarding the course of study, educational programs or instructional materials, or instruction or exercises that include subject matter that deals primarily and explicitly with religion. (Section 50.1 of the School Act).

## **Course Prerequisites**

No prerequisites due to discrete content for each Religious Studies course.

## Sequence Introduction (formerly: Philosophy)

This locally developed religious course supports the mission statement of Westwind School Division No.74, as outlined in its 3-Year Combined Education Plan and AERR, by responding to the needs of our students and developing a commitment for life-long learning.

It has been developed to reflect common values and beliefs of the parents, families, and communities in which the target population of students reside. Parents in Westwind, including some who are not member of the LDS faith, want their children to take these courses because they instill high standards, good morals, and strong values in the minds, developing attitudes of acceptance, tolerance, understanding and ensuing behaviors of their children.

The majority of people in each of the communities served by Westwind School Division #74 value the teachings found in the scriptures. As students understand the principles taught in the scriptures, they begin to be more tolerant, accepting and to understand and have compassion for other people who may be different from them. There is developed within each student a comprehension of ‘who they are’, and ‘the purpose of life’ and to inspire them to show their love of God by how they treat others. This knowledge allows them to appreciate the worth of an individual and builds within each of them increasing self-confidence, understanding, tolerance and compassion.

The scriptures teach the values of kindness, hard work, generosity, charity, integrity, morality, and fidelity. They also teach students how to deal with challenges and personal problems, how to maintain physical, mental, social, emotional and spiritual health, and many other valuable lessons and character traits.

Through an in-depth study of the teachings found in scripture, students will have the opportunity to see the consequences of conflict and opposition. Students will use knowledge, skills, and attitudes to determine how they might make better choices in a similar situation.

Throughout each of the courses, students will be encouraged to critically think, reason, and ask questions about how scriptural teachings might relate to their own life, the lives of others, their community, the nation, and the world.

Similar to the Alberta social studies curriculum, a major goal of these courses will be to encourage students to become responsible citizens. Through the development of scriptural understanding, students gain increasing confidence and are expected to set goals for improvement in all aspects of their life. Students are encouraged to help create an atmosphere of kindness and love in their home and family life. They are to set educational goals to always be lifelong learners.

## **Student Need (formerly: Rationale)**

The majority of students in Westwind School Division #74 are members of The Church of Jesus Christ of Latter-day Saints. Upon graduation from high school, many of these students choose to attend Church-owned post-secondary institutions located in the United States (*ie. BYU-Provo, BYU-Idaho and BYU-Hawaii*). One of the requirements for admission to any of these fully accredited private universities is successful completion of four years of “seminary” which is the week-day learning program for youth developed by the LDS Church educational system. This locally developed course is structured to align with and to cover the required content of the approved seminary curriculum of The Church of Jesus Christ of Latter-day Saints, as well as meeting the requirements prescribed by Alberta Education (*i.e., that an emphasis of 20% of content of each Religious Studies course focus on the unbiased, comparative study of other world religions*). There are no current provincial programs of study that can be used to meet the local needs of students to meet admission requirements to these Church-owned universities.

## Scope and Sequence (formerly: Learner Outcomes)

The main objective of this locally developed religious studies course -- **The Old Testament Part A** is to positively impact the lives of students and to create within them the desire to pattern their lives after Jesus Christ as they study The Old Testament from the book of **Genesis through the book of 2 Samuel**. The teachings and accounts of Jesus are the foundation upon which the course is built and students will study his teachings as taught by prophets and apostles both past and present.

A secondary general objective is to help students understand that faith must manifest itself through personal attitudes and action.

In compliance with the guidelines established by Alberta Education, eighty percent of instruction will be spent on the specific religious teachings of the Church of Jesus Christ of Latter-day Saints (the Church) using the above listed scripture volumes, teacher lesson guides and student study manuals as prepared by the Church curriculum department. The remaining twenty percent of instruction will focus upon other major religions of the world. These units will be taught in an objective, unbiased, non-comparative manner, with the prime purpose being to promote understanding and tolerance. They will not foster doctrines of racial or ethnic superiority, religious intolerance or persecution, social change through violent action or disobedience of laws. Students will learn the basic principles underlying the doctrines and historical background of other world religions. This will allow students to appreciate, honor, and respect the diversity of beliefs and values in our global community.

## **Guiding Questions (formerly: General Outcomes)**

- 1 Students will analyze scriptural examples that illustrate a devotion to God and draw parallels with beliefs and religious observances they experience.**
- 2 Students will identify and describe commandments and religious rites found in the Old Testament text.**
- 3 Students will compare and contrast selected Old Testament teachings with teachings of modern-day prophets. Texts will be examined for evidence of a) Messages of peace and goodwill, and b) Prophecy related to the birth of Jesus Christ and His divine mission.**
- 4 Students will discuss the "nature of God" as articulated in the Old Testament, providing evidence from the Biblical text.**
- 5 Students will express understanding of how time and culture enrich the meaning and interpretation of Biblical texts.**
- 6 Students will discuss teachings and cultural traditions of three of the major world religions: Buddhism, Judaism, and Islam.**
- 7 Students will be able to recognize and explain the relationship of God and his association with man, the world, and all of his creations as expressed in the Old Testament.**
- 8 Students will develop process skills - skills that help one acquire, evaluate and use information and ideas. These skills include searching, organizing, interpreting, analyzing, synthesizing, evaluating and applying.**
- 9 Students will develop communication skills - skills that help one express and present information, ideas and testimony. These skills include oral, visual, written and dramatic expression.**
- 10 Students will develop participation skills - skills that help one interact with others. These skills include working effectively, individually and cooperatively in large and small group situations.**
- 11 Students will communicate a determination to reach their personal academic potential and commit to live a Christ-like life through service to individuals, their community and their country.**
- 12 Students will demonstrate attitudes of respect, tolerance, appreciation, and understanding toward the rights of others to their own religious affiliation.**

## **1. Program Innovations and Celebrations**

When off-campus coordinators were asked for their program innovations and celebrations for the past school year, the following innovations were made. One school was able to take the division forms and find some efficiencies to streamline the process of supervision and visits by downloading and creating a google form that was available offline so that the coordinator could take it with them to the work place visits and share them with students. This approach was also shared with the Director of Learning at the end of the school year. The plan is to share it with all coordinators at the August 28, 2019 Off Campus Coordinators meeting.

Coordinators also wanted to celebrate the following:

“Taber MCC thrift store turned out to be a great placement for volunteers.”

“I love the off-campus piece. Students feel engaged and working in an area of interest.”

“We had an increase in the Green Certificate program in our school!”

## **2. Assessment Practices**

As in the following years of practice, off-campus coordinators use a variety of methods for evaluation. They are using a rating scale found in the Draft Off-Campus handbook, student self-evaluations, completed student log books, assignments that students receive when they attend monthly meetings, reflections of their experiences, and conversations between the employer and the off-campus coordinator on job performance.

## **3. Business Feedback**

Most of the feedback from employers was very positive, and many businesses felt that our coordinators are doing a great job keeping an eye on the students. However, there was some conflicting comments made by coordinators that some received comments from businesses that students were being observed too often while others had businesses ask to see the coordinators more often. As a committee we will try to set a consistent standard amongst the group so that businesses feel that we are being supportive and yet try not to make the business managers workload be unmanageable by visiting too often. Comments from businesses about students included that they appreciated having the students and that the work ethic of students was excellent. They also commented that Horizon students did very well representing their schools and communities.

## **4. Integration of Work and School Program**

Our coordinators are using a variety of different programs and resources to integrate school and work together. Some of our schools are using English Language Arts 20-2, as it has several outcomes that are conducive to work and school such as; creating resumes, working on interview skills, and communication. One of our schools created a ELW class with grade 10 and 11 students and found it to be a huge success. Another school used their advisory period to meet with work experience students and found the discussions from the group to be invaluable. One coordinator mentioned that the students get a sense of how hard work can be and that working with a purpose helps them in the future.

## **5. Challenges**

Schools identified the following challenges:

Time to follow up with students and employers, as well as site visits, continue to be challenge for off campus coordinators. Several coordinators have mentioned that they would like to see a position created for this role and this will be discussed with them on the August 28<sup>th</sup> meeting. (The viability of

a designated position generating enough CEU revenue to pay for itself would have to be determined.” Travel time to site visits is also an issue for some. Many students are interested in the RAP placement program, but schools are having a difficult time finding placements. Some coordinators mentioned that having students follow through on the paperwork can also be challenging at times.

## **6. Supports Requested from Division Office**

The following comments were made by off-campus coordinators:

“Interaction with employers to encourage them to talk on RAP students?”

“An off-campus liaison who takes care of off campus for small schools. Similar to other divisions. Too much to manage in a k-12 environment, effectively.”

“Not at this time, I had lots of questions but Terri was able to answer them.”

# Website to report needless red tape launches

June 24, 2019 [Media inquiries](#)

A new website will crowdsource input from business, organizations and the public on which government regulations should be improved, kept or scrapped.

As part of the Red Tape Reduction Action Plan, the province has launched [CutRedTape.alberta.ca](http://CutRedTape.alberta.ca) with a submission form for Albertans to provide feedback on their encounters with costly and unnecessary red tape, and suggestions on how to get rid of it.

“The regulatory burden in our province is simply unnecessary. Albertans know this, job creators know this, and our government knows this. I look forward to hearing from Albertans on how we can reduce the burden, and to meeting with industry leaders to discuss how we can make it easier to do business and create jobs in the province. I encourage every Albertan to follow our progress online as we work together to cut red tape.”

*Grant Hunter, Associate Minister of Red Tape Reduction*

In addition to being an easy way for people to submit ideas, [CutRedTape.alberta.ca](http://CutRedTape.alberta.ca) will show where red tape has already been cut and keep people apprised on the commitment to reduce the regulatory burden by one-third and get Albertans back to work.

Panels are being established to hear from Alberta businesses and industry experts, and local MLAs are arranging roundtable discussions in their constituencies to determine how best to cut red tape, while ensuring the health and safety of Albertans and the environment is safeguarded.

The *Red Tape Reduction Act*, passed June 10, directs government to review and evaluate existing regulations, rules and processes to ensure they are as efficient as possible and provide value to Albertans. It focuses on reducing unnecessary demands on time and resources to make it easier for people and organizations to navigate government and comply with regulations.

Albertans are encouraged to share their red tape stories at [CutRedTape.alberta.ca](http://CutRedTape.alberta.ca).

# Report on Alberta's finances: Minister Toews

August 15, 2019 [Media inquiries](#)

President of Treasury Board and Minister of Finance Travis Toews issued the following statement to acknowledge the receipt of the report from the Blue Ribbon Panel on Alberta's finances:

“Today, I was pleased to receive the report from the Blue Ribbon Panel on Alberta's Finances.

“Our government committed to having a panel of experts conduct an independent review of Alberta's finances and provide recommendations to government on balancing the budget by fiscal year 2022-23, while improving budget planning systems, processes and practices.

“I am confident the collective expertise this panel has brought to their report will help us to understand the fiscal realities in our province as we work to address spending, the deficit and growing debt in our province.

“I thank the members of this panel for their work and would like to specifically acknowledge the outstanding leadership of Dr. Janice MacKinnon.

“Albertans trust us to be responsible stewards of their tax dollars. The chronic deficits we face today are because previous governments spent far beyond their means.

“I will be reviewing the report and sharing it with my colleagues in government for their consideration as well. Upon our review, we will share the report with Albertans in early September.”

# Expert panel to assess minimum wage

August 15, 2019 [Media inquiries](#)

The Alberta government has appointed a diverse expert panel that will use research, expertise and experience to assess Alberta's minimum wage.

Alberta has the highest minimum wage in the country, yet hard-working Albertans continue to struggle to find jobs. The panel will study and publish economic data related to minimum wage changes. It will also assess whether a wage differential for hospitality industry workers who serve alcohol could lead to higher net incomes. This work will be completed by mid-January 2020.

“By establishing this panel of experts, we are keeping another platform promise and making progress on our common-sense plan to restore jobs and prosperity to our province. I'd like to thank the panel members for agreeing to be part of this important work.”

*Jason Copping, Minister of Labour and Immigration*

“The effects of Alberta's 47 per cent minimum wage increase over the past four years and the elimination of the liquor server differential deserve to be studied. I am pleased to be leading a panel of experts to address that need.”

# Service Alberta minister touring to meet Albertans

Service Alberta Minister Nate Glubish is embarking on a provincewide tour to meet Albertans and discuss the path forward to reducing obstacles that affect their lives.

“I have heard about specific challenges that Alberta communities are facing, from broadband service in rural Alberta to local registries and mobile home tenancy issues in more urban settings. This is why it is important to go out and hear directly from Albertans who are in the best place to offer insight into the difficulties they face when accessing services.”

*Nate Glubish, Minister of Service Alberta*

The minister’s travel schedule includes both urban and rural communities, and will focus on a wide array of issues facing Albertans.

“This tour is the first of its kind in more than five years, and it demonstrates this government’s commitment to hear, first-hand, the unique concerns and proposals that Albertans have on the issues that affect them.”

# New panel to advise on curriculum

August 22, 2019 [Media inquiries](#)

The Alberta government has appointed an independent panel to provide advice on the development of future curriculum.

*Curriculum Advisory Panel chair, Angus McBeath and vice-chair, Jen Panteluk (left), along with Education Minister Adriana LaGrange (right) meet with students at St. Teresa of Calcutta Elementary School in Edmonton.*

With an emphasis on the knowledge, skills and competencies students should have when they finish high school, panel members will draft an updated ministerial order on student learning. This work will be a starting point for public dialogue in early 2020, and will be informed by globally endorsed best practices, jurisdictional research and previous curriculum engagement feedback.

“I am proud to move forward on two important commitments this government made to Albertans to strengthen our education system. One is to broaden consultation on the curriculum review so that we are certain we get our future curriculum right. And the other is to replace the current ministerial order on student learning with one that ensures children have a strong foundation of essential skills and knowledge – something we heard loud and clear from parents.

“We respect the hard work done thus far on Alberta’s K-12 curriculum, and we want to make sure we are taking the right approach for the right reasons for our children. Members of the curriculum advisory panel come to the table with diverse backgrounds and experiences that I believe will enhance the vision and direction for student learning in Alberta.”

*Adriana LaGrange, Minister of Education*

The curriculum advisory panel includes representatives from the kindergarten to Grade 12 education system, post-secondary education system, education advocates, and career and training organizations like Careers: Next Generation.

The panel will be chaired by Angus McBeath, a former superintendent for Edmonton Public Schools. The panel’s vice chair is Jen Panteluk, the former CEO of Junior Achievement of Northern Alberta and Northwest Territories.

“Minister LaGrange has assembled an outstanding group of people to sit on her curriculum advisory panel for Alberta’s K-12 curriculum. Members of the panel represent all walks of life, from university to technical schools, social services, industry and the volunteer community. As a former teacher and former superintendent, I am excited to get to work to fulfil the mandate afforded to us. Albertans are counting on us to get it right.”

*Angus McBeath, chair, curriculum advisory panel*

“Education is a critical success factor for our youth and Minister LaGrange has assembled a diverse and experienced panel to advise on the development of future K-12 curriculum. As someone who walked alongside the system for a number of years, as well as being a parent to a young girl soon entering the system, I am excited to work with panel members to ensure our youth have a strong foundation for their future.”

*Jen Panteluk, vice-chair, curriculum advisory panel*

“As a partner in Alberta’s education system, the Alberta School Councils’ Association is grateful the curriculum review is moving ahead. We are optimistic that the work of this panel will enhance what has been started. Parents on school councils, in collaboration with teachers, principals and trustees, look forward to the upcoming consultations that can ensure students are well prepared for the future.”

*Allison Pike, president, Alberta School Councils’ Association*

“The College of Alberta School Superintendents will welcome the opportunity to work with the curriculum advisory panel to ensure the voice of system education leaders is heard and understood throughout their review process.”

*Bevan Daverne, president, College of Alberta School Superintendents*
